PITTSBURGH: THURSDAY MORNING, JULY 12, 1849. FOR CANAL COMMISSIONE JOHN A. GAMBLE,

The true Democracy of Pennsylvania unqualifiedly approve of endorse every resolution assed by the recent Democratic State Convention in this city; and we know that Mr. GAMBLE, our candidate for Canal Commissioner, also fully approves of those resolutions. The individual of newspaper editor, therefore, who opposes those country, his soul and his family's honor, to satisfy and is a Federal whig at heart. Those who are not for us are against us.

Platform of The State Convention.—No. 4. SHINPLASTERS.

Resolved, That shinplasters, issued by municipal of its just reward. And all schemes of relief issues, being but printed confessions of insolvency, dustry, we regard as worthy of signal condemna-tion. The Democratic party, if it is bonest, confesses its poverty, but repudiates rags. Such is the bold, beautiful, honest and fearless language of the Democratic party of Pennsylvania. If there ever was an evil more horrible than the

plagues sent by the Almighty to punish the cruel and tyranical King of Egypt for his persecution of the Israelites, that evil is the Shinplaster system, SHINPLASTERS ARE ILLEGAL.—They are expressly prohibited by the Constitution of the United States, which declares that no state shall emit bills of credit, or make any thing but gold and silver a legal tender for the payment of debts. If a state, therefore, permits any of its citizens or corporate bodies to issue promissary notes to be circulated as money, it is making itself a party to such illegal issues. The Shinplasters issued by the County of Allegheny, and scouting detachment of the British army, under and positive violation of the act of the Assembly of the direction of La Ronde, entered the bayou, landed in silence, surprised the American force, and Juages of our Courts would do their duty, the per-

LOCAL MATTERS.

Proceedings of Councils. SELECT COUNCIL. Pursuant to adjournment, the elect Council assembled at 4 o'clock. Hon. Harmar Denny, Presiding. On the roll being called the following members answered to their names: Messrs. Black, Caskoy,

Coyle, Hill, Hays, Kinkead, Lorenz, Morrow, Ship-

ton and President.

The President announced that the first busine before Council was the following Ordinance which had passed to third reading at the provious meeting: An Ordinance providing for the redemption of City Scrip. Secr. 1.—Be it ordained and enacted by the citizens of Pillsburgh in Select and Common Council assembled; That the loan of \$200,000 procured under and by authority of an Ordinance passed on the 12th of June last, shall be specially appropriated to the redemption of the certificates now outstanding of the berty and Smithfield streets, manufactures a superior denomination of one, two, or three dollars, and the article of Red and Black inks. We have tried his city Treasurer be, and is hereby required to give Black Ink, and can recommend it; it flows more ed, that he is ready to redeem said certificates in cash; Provided, That no interest shall be allowed on said certificates when so redeemed. SECT. 2. Be it ordained, &c., That from and after the 18th July, instant, all interest on City Scrip shall

Collectors of taxes to allow interest in City Scrip paid to them for taxes beyond the 18th inst. SECT. 3. Be it enacted, That so much of any or dinance or ordinances as are hereby altered or supplied, be hereby repealed.

Mr. Lorenz, from the Finance Committee replied that there was in the neighborhood of \$230,000 of

Scrip outstanding. Dr. Black said he would like to see a written report from the Finance Committee. One hundred thousand dollars of the loan might lay in the bands of the Treasurer for eight months or a year, and lose interest. A portion of the money should be appropriated to carry on the City Improvements, now in progress. He asked from the Chairman of the Finance Committee a statement as to when and how we were to get the money. Mr. Lorenz stated that the bonds would be drawn

up, and we would receive the money as we wanted it. It would bear interest from the first of July. There would be no surplus. Dr. Black also objected to the passage of the Or dinance, on account of it repealing the interest Scrip, after the 18th of July. Mr. Lorenz stated that the paragraph relating t Interest had been inserted for the purpose of making

those who held Scrip pay their taxes at once. Mr. Morrow was of opinion that there would be a surplus of some thirty or forty thousand dollars, and thought that a portion of the loan should be appropriated to the carrying on of the Public Imovements now in progress. Mc. Shipton moved to amend, by inserting after the words " two hundred thousand dollars," " or so

much thereof as may be deemed necessary. Mr. Denny thought that the members of Council were distracting their minds on a very trifling subect. This Ordinance should have been appended to the one authorizing the loan. The money we gotten for the purpose of redeeming the Scrip, and the City Treasurer should be authorized to apply it to that purpose. As to what should be done with the surplus was entirely at the action of Councils—and this was not the proper time to discuss it. The public were anxious to have this matter arranged, and we should attend to it at once. The bonds will be signed and transmitted, and the City in possession of a portion of the City in possession.

This Lot very eligibly situated—and will be signed and transmitted, and the City in possession. public were anxious to have this matter arranged, of a portion of the loan in a few days.

The amendment proposed by Mr. Shipton was inserted by common consent. Mr. Laying was opposed to stopping the interest on the Scrip. He spoke at length and to the point on the subject. He referred to the act authorizing the issue of Scrip and said that the city could not get round paying the interest without being subject to the charge of repudiation. Mr. Lorenz thought that those persons who had
