LIFE SAVED —AWFUL CASE OF SCALD.

WERATTELD, Niagara Co., N. 7, 2, 1

February 22, 1858.

Ma. Dalley—Dear Sir; While my son, 16 years old
was at work in the shingle manufactory of L. P. Rose,
he had the misfortune to slip and fall into a large vat,
used for the purpose of boiling blocks preparatory to cutting. The blocks had just been removed from the vat,
containing a large quantity of boiling water. He foll forward, scalding both hands and arms, all ene side, and
one leg badly, and the other partially. The scalds were
so bad on his arms and jeg that snost of the filesh came
off with his garments, and his life was despaired of hyboth his physicians and friends.

Dalley's Pain Extractor was procured as soon as possible (which was in about six hours) and applied, and
which relieved him from all pain, prevening inflammation and swelling, and in a few days commenced healing
his sores. There appeared a general improvement, so
much so that in three, weeks he was removed to his
father's house, distant about one mile and a half.

We continued the use of the above medicine about two
months, and we believe it was the means, under Providence, of saving his life; and we would cheeffully recommend it in all similar cases as a safe and invaluable
remedy. With sentiments of respect, I remain, dear sir,
your most obedient and humble servant.

"I have used your Vermifuge, Carmianive Balsam, and Expectarant, in my practice, for the inst three years, and have been exceedingly well pleased with them, and acver, as yet, to my recollection, failed, of realizing my fullest expectation in their curative properties. Your other medicines I cannot speak of from experience; but, judging from those I have used, I doubt not but that they claim, and are entitled to all the confidence, reposed in them, by those who have used them. I was formerly very partial to \*\*\*\* Vermifuge, until I becameacquain ted with yours, which has my decided preference to any other now in use.
