LIFE SAVED!—AWFUL CASE OF SCALD!

WHEATTERD, Niagara Co., N. Y., 1

Mrs. Dalley—Dear Sir: While my son, 15 years old, was at work in the shingle manufactory of L. P. Rosephe he had the misfortune to slip and fall into a large valuaged for the purpose of boiling blocks preparatory to outing. The blocks had just been removed from the value containing a large quantity of boiling water. He fell forward, scalding both hands and arms, all one side, and one lege hadly, and the other partially. The scalds were so bad on his arms and leg that most of the flesh came off with his garments, and his life was despaired of by both his physicians and friends.

Dalley's Pain Extractor was procured as soon as possible (which was in about six hours), and applied, and while relieved him from all pain, preyequing inflammation and swelling, and in a few days commenced healing his sores. There appeared a general improvement, so much so that in three weeks he was removed to his fatter's house, distant about one infle and a half.

We continued the use of the above medicine about two months, and we believe it was the means, under Providence, of saving listile; and we would cheerfully recommend it in all similar cases as a safe and invaluable remedy. With sentiments of respect, I remain, dear sir, your most obediem and humble servant.

I ADIES are cauthoned against using Common Preparative Chalk: They are not aware how frightfully injurious it is to the skin! how coarse, how rough, how sallow, yellow, and unhealthy the skin appears inter hising prepared chalk! Besides it is injurious, opidating a large quantity of lead! We have prepared a heabtild vegetable article, which we call Jones' Spanish Lilly White. It is perfectly innocent, being purified of all 'deleterings qualities, and it imparts to the skin a natural, healthy, alabaster, clean, it valy white, at the same, time acting as a cosmetic on the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analysing Jones' Spanish Lilly White, I find it possesses the most beautiful and natural, and at the same time innocent, white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying." Price 25 cents a box. Threutions—the best way to apply Lilly White, is with soft leather or wool—the former is preferable.

A PINE SET OF TEXTH FOR 25 CENTS—White teeth, foul breath, healthy gums. Yellow and unhealthy teeth, after being once or twice cleaned with lone? Anther Tooth Poste, have the appearance of the most beautiful ivory, and, at the same time it is so perfectly, linnocent and exquisitely fine, that its constant daily use is highly advantageous, even to those teeth that are in good condition, giving them a beautiful polish, and preventing a premature decay. Those already decayed it prevents from becoming worse—it also faseries such as its becoming loose, and by perseverance it will render the foulest teeth delicately white, and make the brenth deliciously sweet. Price 25 or 37 centig a box. All the above are sold only at 52 Chaham st., sign of the American Engle, New York, and by the appointed Agents whose names uppearing the art column.
