The course of Study will be merace the common branches of an English Education, and the higher departments of the English Education, and the higher departments of the English Sciences; with the Ladin, Greek, French and German Languages.

Pupils can be thoroughly prepared to enter College intelligently and unembarrassed. The course of study for those not destined for College, is both comprehensive and practical.

The government of the Institution will be mild, yet decided. Authority will always be sastained by reason and affection; and to secure a proper regard to the general government of the School, our process is, first, we endoavor to convince the pupil that what we require is reasonable; next, that it secures his own personal interest, as well as the good of the whole. Punishments for musdemeanors when absolutely necessary, are of such a nature, as to affect rather the mind than the body; not as satisfaction for the offence, but as a prevention to the recurrence of similar offences. Having found this mode of government preferable, it will be adopted in future.

Strict attention will be paid to the Physical, the Intellectual, and the Morai training of the immates of this School.

WHITE BRANDIES—II (. Pipe 4th pf. White Brandy, preserving on draught and for sale by MILLER & RICKETSON. Just received and for sale by McCANDLESS & CAMPBELL II Bilious Fever generally begins with ynwning stretching, pain in the bores, innguor, giddiness, a swelling about the region of the stomach, bilious vomiting, and other unpleasant symptoms.

Wright's Indian Vegetable Fills are one of the best of medicines for the cure of Pevers, because they purge from the body those morbid humors which are the cause of every malady incident to man.

In cases of fever, from four to eight of Wright's Indian Vegetable Fills should be taken every night; or, if the symptoms are violent, night and morning. This plan, if properly carried out, will, in a short time, subdue the most violent attack of fever; at the same time, the digestive organs will be restored to a healthy tone, and health and vigor given to the whole frame.
