THIS INSTITUTION IS DESIGNED TO BE RERMANENT.

First Monday, the 3d Day of September.

The course of Study will embrace the common branches of an English Education, and the higher departments of the English Sciences, with the Latin, Greek. French and German Languages.

Pupils can be thoroughly prepared to enter College intelligently and unembarrassed. The course of study for those not destined for College, is both comprehensive and practical.

The government of the Institution will be mild, yet decided. Authority will always be sustained by reason and affection; and to secure a proper regard to the general government of the School, our process is, first, we endeavor to convince the pupil that what we require is reasonable; next, that it secures his own personal interigit, as well as the good of the whole: Punishments for interior, as to affect rather the mind than the body; not as satisfaction for the offence, but as a prevention to the recurrence of similar offences. Having found this mode of government preferable, it will be adopted in future.

Strict attention will be paid to the Physical, the Intellectual, and the Moral training of the immates of this School.

Mr Allister's Ali-Healing Olument.

CONTAINING NO MERCURY, or other Mineral. It has the power to cause all EXTERNAL SORES, SCROPULOUS HUMORS, SKIN DISEASES, POISONOUS WOUNDS to duscharge their putrid matters, and then heals them.

It is rightly termed ALL-HEALING, for there is scarcely a disease external or internal, that it will not benefit. I have used it for the last sixteen years for all diseases of the chest, involving the unnost danger and responsibility, and I declare before heaven and iman, that not in one case has it failed to benefit, when the patient was in the reach of mortal means.

I have had physicians learned in the profession, and multitudes of the poor use it in every variety of way, and there has been but one voice—one universal voice, saying ""PALLISTER, YOUR OINTMENT IS GOOD."

RHEUMATISM—It removes almost immediately the inflammation and swelling, when the pain ceases, (Read the directions around the box.)
