Tin Roofing.

THE subscribers must respectfully announce to their fellow-citizens that they have perfected their arrangement to carry on the business of Tin Roofing on an extensive scale.

It is now close on four years since we first introduced tin roofing in this city. During that time we have covered over fifty thousand square feet of roofs with our plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Schoenberger and John Bissel, Esqrs., that are roofing (when skillfully laid on) is both permanent and durable, there can be no doubt; in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the sea-board during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of these roofs having been worn out. The roofs covered with tin in our own city are open to the examination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be given with pleasure. JOHN DUNLAP & CO.

Corner Market and Second streets.

The Arcometer.

THE ATTENTION OF THE PUBLIC is respectfully called to the following certificates:—

Mr. S. EAKINS—Having tested a quantity of Gold weighed by your Arcometer, I find the result proves your instrument correct; and recommend the use of it to those going to California, as the best method for obtaining the real value of Gold. Resp. yours,

J. B. DUNLEVY,

Pittsburgh, March 9, '49. Gold Beater.

Pittsburgh, March 7, 1849.

Mr. EAKINS—*Dear Sir*: Having examined the Arcometer, manufactured at your rooms, I do not hesitate to commend it to the use of those gentlemen who are about going to California, as it seems to be correct.

It gives a close approximation to the specific gravity of metals, and will certainly enable the adventurer to assay his gold, as his place is yielding Gold.

Yours, respty., J. R. M'CLINTOCK.

JOSEPH LIPPINCOTT. WM. G. BAIRD.

LIPPINCOTT & BAIRD,

(LATE J. S. SPENCER & CO.)

Manufacturers of Plumbs Fire Proof Safes,

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 24, 1849, the undersigned were called upon by Messrs. Lea, Scott & Bair, to witness an honest and fair test of their Fire-proof Safes. The furnace being prepared, two Safes was placed inside thereof, with books, papers and some money; when the door of the Safe was closed and the fire kindled at 1 quarter past 2 o'clock, and in a short time the Safes was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safes cooled, and door opened—the books, papers and money, and the heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

JARVIS STRADLEY,

NICK & RAWSON,

CORNWALL & BROTHER,

BRANNON & THATCHER,

BENEDICT & CARTER,

ISAAC CROMIE.

I am engaged in the foundry business, and know something about furnaces and heat. I witnessed the burning of the above Safes, and can freely say there was no humbug about it, and with pleasure recommend them to the public as being, in my judgment, entirely fire-proof. WM. KAYE.

In calling upon the above gentlemen for their signatures, they all spoke in the highest terms of the fairness of the test, and their full confidence of the Safes being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.
