WOULD respectfully call the attention of City and
Country Microthauts to their choice stock of FALL

has probably inver been equalled in the Western comitry. Possessing the same facilities and advantages enjoyed by Eastern houses, by having one of the Partners
constantly in the East, amongst, the manufacturers, importers and action houses, they are prepared to offer the
same advantages in style and prices that can be obtained of the largest Eastern houses. Receiving large consignments of Domestics, from the manufacturers of New
Eagland, they are enabled to offer these Goods at less
rates than they can be produced of the Eastern jobbers.
The fact that their establishment offers equal, if not greator advantages, in every description of Goods, than can
be had East, has been clearly demonstrated to their numerous patrons. They feel confident that if merchants
contemplating purchasing East, will examine their stock,
they will be convinced that they can buy the same quality of Goods at such prices are will save the cost of transportation and the necessary expenses and time of an
Eastern trip.

They mention a part of their stock, which will always
be found fresh and complete:
