The Morning Post. L. HARPER, EDITOR AND PROPRIETOR. Circulation 1200 Daily. PITTSBURGH: SATURDAY MORNING, OCTOBER 13, 1849. Appointments under the Canal Board. The patronage of the Board of Canal Commissioners of Pennsylvania is very large, and it should always be exercised with great caution. It has long been a subject of complaint that unworthy me have been provided with important and lucrative stations along the lines of the Public Works in Penpsylvadia, Mep without any claims upon the Democratic party, whose moral honesty is far from being pure, and whose political integrity is not above have been provided with comfortabl berths, where they can live upon the body politi like leeches upon the natural body. Since it has been ascertained that Mr. GAMBLE is elected, we are informed that certain individuals in this county, who have been opposing the Democratic party for years-Harrison and Tyler "Straight-Ante la 1840 and Conservative White ever sinceare very actively engaged in soliciting Democrats to write letters in their behalf to the Board of Canal Commissioners. Resolved, unanimously, That now is the proper time for a great and united effort to operation the Tariff of 1846, through the power of the ballot-box. Here, then, was the issue fairly made by the whigs, and boldly met by the Democracy. And what has been the result? Look at the tables which we publish elsewhere in this paper for an answer. We hope, therefore, that our opponents will quintly submit to the verdict of the people at the ballot box .-They have decided that the Tariff of 1846 is not "wrong in principle and ruinous in practice." They have decided not "to voverthrow the Tariff of 1846 through the power of the ballot box." Now, let the Whige try to be honest hereafter, and abandon their chames of high (involection) to the manufacturers to the injury of other great interests of the country. The Red River valley, instead of give ing 130,000 bales of cotton, will not yield this year more than 30,000. Here is a loss of 5,000,000. THE EXPEDITION TO THE SALT LAKE, By letter very recently received, we learn that the exploring party, under command of Captuin Stansbury, of the Copographical Engineers, now en route for the Great Sale Lake in Uoper California, entered Fremont's South Pass in the Rocky Mountains on the 5th of August. The party were all in good health and fine spirits, having accomplished two-thirds of the jour ney towards their destined field of exploration.
