LIFE SAVED:—AWFUL CASE OF SCALD!

WHEATHELD, Nilsgart Co. N. Y. Perburny 29, 1848.

Ms. Dalley—Dear Sir: While my son, 15 years old, was at work in the shingle manufactory of Li P. Rose, he had the misfortune to slip and fall into a large vatured for the purpose of boiling blocks preparatory to cutting. The blocks had just been removed from the vaturent in the shingle manufactory of the fell forward, scalding both hands and arms, all one side, and one leg badly, and the other partially. The scalls were so bad on his arms and leg that most of the flesh came off with bis garments, and his life was despaired of by both his physicians and friends.

Dalley a Pain Extractor was procured as soon as possible (which was in about six hours) and applied, and which relieved him from all pain, prevening inflammation and swelling, and in a few days commenced healing is sores. There appeared a general improvement, so much so that in three weeks he was removed to his father's house, distant about one mile and a buff. FASHIONABLE HEAD QUARTERS,

All communications promptly attended to, on application to the following Agents: as white, or fellow, or pear Color, with white makes in standing a short time. These are well described as rice stater gracuations. Vomiting is a saual attendant on these expectations, but no fin siverariobe one. The your integration of the color of the stomach and bowels. The tongue and breath are icy coid; the tongue is sometimes clean, but generally slightly conted; the voice becomes weak and husky; tramps and spasms of the arms, legs and body, are general and painful symptoms. The skin is shriveled and et a purple hus; the pulse becomes weak and frequent, and in the collapse stageentirely lost at the wrist; the breathing labored and hurried. These symptoms usually, succeed each other in the order stated.

APDOWELL'S CHOLERA MIXTURE.

This mixture is prepared from the prescriptions of the late Dr. A. N. MiDowell, of Pitasburgh. In his extensive practice, he had used it with complete success in the epidemic of 1833 and the present season. Steambout men have given it to many pussengers who have been stracked with the disease the present season, and in every case directed a speedy cure—after they had been proudunced incurable by physicians on board. (Gazette and Journal only copy.) Death to the Rais. I to a motorious fact that of all evils, none are held in a such aphorrience as those of Rats, Mice, Roaches and Bed-Bugs, and to have them exterminated, is the wish and desire of all. A preparation has been discovered by which those who wish, may become rid of this evil, which it feets more or less every house in this city. This preparation has now been in use in Germany about seven years, (and in the United Sintes for the list live,) and by every one who has given it a trial, been pronounced the best remedy they have ever used for exterminating Rats, Mice, Bed-Bugs, Roaches, &c.

The articles composing this composition are in themselves very innocent, and contain not a particle of poison; but when combined, creates a gas which explodes the stomach, and consequently destroys life in a few hours—as soon as it has affected the stomach, the articles become neutralized, and will sfect nothing thereafter; so that there can be no danger in its use, under any circumstanties. This is no humbig. We will warrant it to rid houses of all the Rats, Mice, Roaches, &c., that infeats them. Should it not do as we say, the money will be refunded.
