No. 3 Smithfield st. I must sar, and proposity at the rate of 10,000 annually in this State, mostly in the Eastern and middle parts — The rates of this Co. are low, both for each and the premium note.

The cost to insure an ordinary risk for \$1000, will be premium note \$10 only. Cash 40 per cent. on the note, which, with the policy and survey, make it about \$5 for five years; \$1,00 per year, two cents per week, or reck oning annually 10 cents on \$100.

This amount of cash, although small, has paid all losses prompily for several years; and, from the increasing business, the Directors are warranted in the belief that no tax upon the premium note will be necessary. This Co. are prohibited by their Bye-Laws from insuring in blocks or exposed parts of villages, or from taking risks upon any kind of Mills, Shops or Machinery, which are considered hazardons; or from taking over \$2000 in one risk. The policies of this Co. are free from the objectionable conditions found in the policies of many other companies, out of which so much litigation arises. All matters of difference may be settled by arbitration in the County where the loss happens, by those insured in the Co., and who are, of course, members.
