erty street newsarg, between status and statusters, of Dy addressing a note through the Flittsburgh Post Office, to the Principal. Allegheny, August 7, 1840. Prirsuonal, June 12, 1849. Mr. T. H. Hibbert-Dear Sir: In reply to your request-to have my opinion relative to the quality of your request-ting Fluid, I may state that I have tused it in my Insutute of Accountaits for nearly a year; where I use none but the best of Inks. It becomes a perfect black soon after being written with, and is suitable for any kind of pen-but more particularly the metallic per, which does not-clog with it as with common inks. It writes well upon any kind of paper, and on account of its fluid property writes better on parchment than any of the common inks. I perceive what you have made recently if dark er in color when first writen with. This is a decided improvement, particularly for book keepars, who have frequently to write with cando light. Your Hed Ink is decidedly the best of that kind of domestic manifacture. Your Machine Copy Ink leaves a good impression, and will be found worthy of a trial; but I cannot myself speak so confidently of its properties as the others, not having had the same experience in the use of it. Very respectfully yours, Principal of Institute of Accts, Piltsburgh. For eale by B. A. Fahnestock & Co., Piltsburgh J. Mr. P. Schwartz, Allegheny; and by the manufacture T. K.
