Mr. T. K. Hibbert—Dear Sir: In reply to your request to have my opinion relative to the quality of your writing Fluid, I may state that I have used it in my leastness of Accountants for nearly siyear; where I me near but the best of Inks. It becomes a perfect black scon after being written with, and is smitable for, any kind of peach but more particularly the metallic peah, which does not cloy with it as with common inks. It writes well upon any kind of paper, and on account of its fluid property writes better on parchment than any of the common links. It perceive what you have made recently is darker in color when first written with. This is, a decided improvement, particularly for book-keepers, who have frequently to write withcandle light. Jaur Red link is decidedly the best of thank had of domestic manufacture that I have tried;—it will be found on trial in every respect equal to Arnold's best English guantfacture. Your Machine Copy list leaves a good impression, and wither found worthy of a 'irial; but I cannot myself speak so confidently of its properties as the others, not having had the same experience in the use of it:

Very respectfully yours,

CINCINNATI, March 14, 1845.

This is to certify, that I have been afflicted for several months with Inflammatory Rheumanism in my shoulders and arms; also an ulcerated sore throat which was very, painful and severe. I was also much troubled with a dry hacking cough, which my physician told me would terminate in consumption. About three weeks ago I heard of the American Oil and commenced the use of it by taking one teaspoonful night and morning, and applying it lightly externally, to the parts affected with Rheumatic pains and also applied it to my throat. I found relief in two or three days after using the oil, and now feet entirely restored to health. I also applied it to a child who was severely burnt and it siffered immediate relief.
