Post is one of the largest Job Printing Offices in the city, where all kinds of work is done on the shortest notice, and most vensonnble terms

The Ten Hour System. We are led to believe, from a perusal of an arti cle in yesterday's Gazette, that an onelaught is about to be made upon the Ten Hour System as now in practice in the Allegheny Cotton Mills. That paper ts that two or three of the Mills have suspended and that another has partially suspended. And, forther, that hundreds of hands have been thrown out

of employment. We have had no intimation of these stoppages fore. We have heard nothing of the sufferings of the operatives. However, the Gazette's statement nny be true. But what does it all prove? Simply hat the business has been overdone. There is to much manufactured cotton in market.

No, says the Gazette, the reason is that our factories cannot compete with those of the cast because of the Ten Hour System which has been forced upon

Let us consider this: The eastern papers tell i that there is the same depression there; that the and called others about him, who may possess American girls are having the Mills and seeking more congeniality of opinion. That, at least, in employment in other branches, while the masters are the ostensible reason of the change. What the gathering in the poor emigrant girls who are landed upon our shores in a destitute condition. t cannot be that this destitution is in con

of any lack of protection, for, we heard Bon. A. Slewart say, yesterday, that Cotton was amply pro

ed to announce to those who, actuated by benevo-lent motires, have contended for the Ten Hour System, that the article in yesterday's Gazette is intended as the first of a long series of assaults upon redeem in some measure the blistering infamy this humano measure. We therefore give timely which attaches to the French name for its mot warning, that the friends of justice, of " law and strous and revolting treatment of a sister republic order;" of social and political progress, may pre- invoked into being by its own treacherous example pare for another struggle. We regard the Ten Hour Law as but a tep in the road which we intend to travel. We must not recede, else we may lose our way, and then, we to the poor girls and boys who events may be confirmed by time, and that France are thrown into the clutches of those who, in their will ultimately settle down into a republic in sub blind pursuit of money, would "make of earth a stance as well as name. And that such will be
