As to the instantion contained in the closing paragraph of the Mercury article, we have only to give it the lie direct, and we challenge the author to the proof. We are willing that the affidavit of each and every person connected with our office shall be taken, in order that the whole truth may be made known. There is one other imatter to which we will re-fer. The "Circular" was printed in our Job Ofe of all we have said in regard to the Mercury edi-

The Mercury man had made it a pretext for not complying with the new terms. But we leave this matter to the Society. We had nothing to do with it. It will hardly be dis-puted that the "Circular" contained nothing but the truth. We conclude this by making a single extract
