Weekly Review of the Markets. OFFICE OF THE MORNING POST. PITTIBURGH, FBIDAY, Jan, 10, 1851.

The weather throughout this weak has been mild and rather pleasant. Our rivers are receding, with scarcely, 4 feet 6 inches in the channel. Receipts by river unusually light for this senson of the year. Business, throughout the weeks was very dull ; which, however, we think was on account of the general settlement among our, merchants, which will be over after this week, when we may expect a hetter feeling among our merchants to operate .--Sugar and Molasses continue to arrive in small lots, not sufficient to stock the market. The receipte of flour are about equal to the demand. We have very little change to note in our review, except in flour, which, by reference to our figures, has declined a little.
