This day, Tuesday, January 14th, the citizens be in the ranks of the enemy." Magistrate, to preside over the City for the next twelve months. There are three candidates before the people for their suffrages, viz: John B. on Thursday last, on motion of Mr. Rher, the GUTHELE, JOHN J. ROGGEN, and JOSEPH BARKER, | house agreed to nominate candidates for the United the present incumbent.

It is not necessary that we should analyze the character and speak of the qualifications of these aspirants for the Mayoralty. The citizens of Pittsburgh know them all well, and we presume nearly ever voter has already made up his mind as to the person who shall receive his support.-There are many voters, however, who have not yet altogether decided as to the person for whom they shall vote. To such we wish to say a few

The first thought that should occupy the minds of every citizen of Pittsburgh, before going to the polls to day, bught to be, to endeavor, so far as in their power, to rescue the government of the City. from the hands of the ignorant, vulgar, profane, lawless madman, who has so deeply disgraced the

City for the last year-a fellow who

"Plays such fantastic tricks before high heaven, As to make the angels weep." That this man has injured the character of the City at home and abroad, no man in his right mind can for a moment doubt. Go where you will-travel where you may, you will hear the pranks of "crazy Joz" spoken of, in the steamboats, in the stage coaches, in the railroad cars, at the hotels, and in private circles. People wonder why the citizens of so large and respectable a City should so far lose all self-respect as to make such a perfect buffoon Mayor of the City! But

Now, fellow citizens, if you wish to prevent the re-election of "Jon Banken," you should all vote for Captain GUTBBIR. Intelligent Whigs admit that there is no chance whatever for Mr. Rosoun-he is altogether out of the question .-Respect for the character of the City, respect for yourselves, should therefore impel you to vote for Mr. GUTERIE, who has it in his power to receem Pittsburgh from the disgrace that now rests upon its fair name. Think of this matter seriously, fellow citizens, and act promptly and decidedly. JOHN B. GUTHRIE is known to every citizen of Pittsburgh. He has resided here all his days, and has always been identified with the interests and prosperity of the City. He is a gentleman of unimpeachable character. The poisonous breath of slander has never dared to utter a word against him. That he is admirably qualified to discharge the duties of Mayor, every one readily admits .-To amiability of disposition he happily unites great decision of character, and admirable busi-

ness habits. Hundreds of good Whigs will vote for Captain GUTHBIE, because they think that under the cir- It is ably conducted and presents its principles in comstances he is the only man now before the brief as follows: from Thomas Jefferson's letter to it will become a fashionable place of resort in sum it will become a fashionable place of resort in sum it will become a fashionable place of resort in their breasts that will not contemplate slevate the character of the City. A word more. We are frank to say, in the present aspect of affairs, politics has very little to do in the present contest. The peace and welfare of the city overleans all other differences, and hundreds of whigs will vote for Mr. GUTHBIE from this consideration alone. If he is elected (and of this we entertain not the slightest doubt,) it will be by the aid of Whig votes, and his will not be a mere political triumph, but a triumph of law and order over misrule and municipal degre-

The Perils of the Lungs. These delicate organs are always in peril, ar life is in peril when they do not properly perform the functions. If inflammation interferes with their regul life is in peril when they do not properly perform their functions. If inflammation interferes with their regular function, the blood is imperfectly purified, the circulation is irregular, and the whole system suffers. In the combined tonic, expectorant, and Jiealing properties of Br. Roger's Syrup of Livernort, Tar and Canchelagua, lies the remedy for all this mischlef. DELAY IS DANGEROUS. While the patient is considering, tubercless may be forming, or, worse still; may be bursting in the Lungs. But it this remedy be promptly applied, the Cough, Cold or Catarri is at once removed, and to use the words of Daniel Webster, the suffers, "breather freer and desport." [IT Dr. Jayne's Family Medicines.—Extract of a letter from the Rev. E. L. ABBOTT. a well-knewn and highly esteemed Missionary in the kingdom of Burmah, dated Sandoway Arracan, February, 1846.

Dr. D. Jayne, Philadelphia: My Dear Sir—We are now in great want of your Medical Preparations. Your CARMINATIVE BALSAM is an invaluable Medicine in this country in Bowel Complaints, and has been used in all our Missions with the most gratifying success. I have known it in many cases to act like a charm. Your SANATIVE PILLS are my Sheet Anchor. The best medicine for my Liver Complaint and pain in the side, that I have ever used. They are in great demand, and we are entirely out of them. We need five hundred boxes of them. Bro. Beecher says we could use a thousand boxes yearly among our people to great advantage. I have used your TONIC VERMINETIGE as a Toxic in INTERMITTENT FEVER, with the most complete success. I think it was once the means of saving my ownson. During my travels among the churches the past season, I found a whole village suffering under a prevailing influenza, attended with Coughs of a most violent character. I often repreted had not had a dozen or two of YOUR EXPECTORANT to administer to them, for I believe from what I have seen of its effects, that it would have been just the thing for those poor people. I presume you, have not hitherto had an idea to what an extent your medicines are used in all our Missions. Affectionately yours, E.L. ABBOTT For sale at the Pekin Tea Store, 35 Fifth st. [nov23]

Mr. Kier:—Sir, I cheerfally comply with your request, that I would give you an account of the almost miraculous cure of my bitle daughter's eye, by the use of your "PETROLEUM!"

She was altacked with a yery sore eye, in February or March last, when I immediately apalied to the best medical aid in the city, by whom it was pronounced a very bad eye;" and all gave me no hope of doing her any good. After which I took her into the country io an old lady, who had been very successful in curing eyes. See told me that her case was hopeless, as she would certainly lose not only that one; but, also, that the other would follow—it being a serofulous affection of the blood. And I do certify, that at the time my father (J. B. Vashon,) came to the conclusion that we had better try your "Petroleum," she was entirely blind of one eye. It is now about two months since she began its use, and she can now see with both eyes as good as she ever
