Mr. Kier:—Sir, I cheerfully comply with your request that I would give you all account of the almost miracilous cure of my bittle daughter's eye, by the use of your "PETROLE UM".

She was attacked with a very sore eye, in February or March last, which I immediately applied to the best medical gid in the city, by whom it was pronounced "a very had eye;" and all gave me no hope of doing her any good. After which I took her into the country to an old lady, who had been very successful in curing eyes. S. et told, me that her case was hopeless, as she would certainly lose not only that one, but, also, that the other would follow—it being a serofilous affection of the blood. And I do certify, that at the time my father (I. B. Vashon,) came to the conclusion that we had better try your. Petroleum," she was entirely blind of one ga. It is now about two months since she began its use, and she can now see with both eyes as good as she ever did; gad, as far as I can tell, I believe she has, with the blessing of the Almighty, been cured by "Petroleum."
