The Canal Board. The Democrats of the Indiana Constitutional Judge STRICKLAND, of the Westchester Repr Convention, and of the Legislature, as well as lican, after noticing the organization of the Canal while the stanting form and colors of the object, judgments ing carelessly round the figure, gives that eastern idea which every shawl more or less implies. What Oriental would ever wear one straight up and down, and uniform on both sides; as our ladies, often do? IT HAS AN ENTIRELY NEW ACTION—The old many in private capacities who were present at Board, and the large number of applicants for of-Congu Medicines always sieken the stomach and pro-duce nausea which is more disagreeable than the Cough itself. This is obvisted in this mixture; for it is a pleasthe Capital, met on the 11th inst. at Indianapolis fice, makes the following just and sensible observ dace nansea which is more disagreeable than the Cough itself. This is obviated in this mixtre; for it is a pleasant sooking article and it will cure, or the more will be refunded! The evidence in fayor of this medicine in our city, from our own cliptens, shouldconvince any one of its efficacy. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most heroic success. CONSUMPTION—A lady from Steabenarille, writes, that her daughter had been afflicted with a Cough and expectoration, night sweats, health average with the distressing symptoms of consumption, and that after taking two bottles she was entirely cared. A gentleman in Washington county, who, had suffered with Asthma and Chronic Cough for eight years, has been entirely relieved and the cough removed by the use of half a dozenof bottles of the Pectoral Syrup. A gentleman from Peoria, Illinois, writes that "he knows the Pectoral Syrup to be a good article; for he has used it in his own case and in the cases of members of his family with the most perfect success.

It is one of the Chappers Madueines how known.—It is gut up in half plat bottles at 50 cents each, or six bottles for \$2.50.

Country Storberners would do well to keep a supply of this medicine on hand all the time, as it is one of the most perfect and efficacious remedies ever discovered for all coughs and discases of the lungs and inciplent Consumption.
