EVIDENCE IN OUR MIDST.

Mr. Kier.—Sir, I cheerfally comply with your request, that I would give you an account of the almost miraculous cure of my little daughter's eye, by the use of your," PETROLEUM."

She was unterked with a very sore eye, in February or March last, when I immediately applied to the best medical add in the city, by whom it was pronounced "a very bad eye," and sil gave me no hope of doing her any good. After which I took her into the country to an old ladly, who, had been eyer; successful in curing eyes. She told me that her case, was hopeless, as she would certainly lose not only that one, but, also, that the other would follow—it being a scrofulous affection of the blood. And I do certify, that at the time my father (L. B. Yashon), came to the conclusion that we had better try your." Petroleum," she was entirely blind of one sys. It is now about two months since she began its use, and she can now see with both eyes as good as she ever did; and, as far as I can tell, I believe she has, with the blessing of the Almighty, been cured by. "Petroleum." Yours, respectfully,

M. Frances Varno Colden.
