(dec20) This syrup contains no Opium, Calomel, or any mineral whatever, but is composed entirely of those Roots, Herbs, and vegetable substances which nave a specific influence upon the Lungs, and their connected organs. Its immediate effect is to allay all irritation, and gently remove the phlegm and other morbid secretions from the Throat and Air-Passages; thus relieving the Cough, by subduting the inflammation and other causes which give itse toil. It also stimulates and imparts a healthy ione to the Lungs themselves, thereby enabling them more thoroughly to remove from the blood those impurities and diseased particles, which, if retained, do so much mischief in the system, and tay the foundation for incurable CONSUMPTION. It also exerts a decided action upon the skin, and assists nature in expelling, through the Exhalents, nuch of that morbid matter which would otherwise be thrown back upon the Lungs, thus relieving them of a part of their work, and rendering the system pure and healthy. When tubercles are forming, it checks their development and further progress; or if ulceration has taken place, it assists the Lungs in throwing off the corrupted matter, soothes the irritation, heals the ulcerated cavities, and restores them again to healthy action. This Medicine, therefore, is not a palliation merely, which only relieves for the time being, but is a thorough curative, as it is trikes at the very root of the disease, and by removing it, removes at once all its remote and attendant consequences. This is its distinguishing characteristic—a property possessed, in equal power, by no other medicine of like nature, now before the public.

This is obviated in this mixture, for it is a plean ant soothing article and it will cure, or the money will be refunded! The evidence in favor of this medicine in our city, from our own citizens, should convince any one of its efficacy. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most heroic success.

Cough and Disease of fourteen months standing Cured, After being given up twice by eminent Physicians.

Messrs. A. L. Scovill & Co.—I herewith forward to you a Certificate of a Cure, effected by your Compound Syrup of Liverwort, Tar and Canchaiagun. The Cough and expectoration was of fourteen months standing, and had bailled the skill of several of our eminent physicians in New York, Albany and Cooperstown. I am the person in whom the cure was effected, and as I had previously no faith in patent medicines, I have since tried it on others, and have become satisfied of its value. Mine was as great a cure us was ever performed, as I had, during my sickness, been given up twice by my physicians; I have now commenced my business, after taking, I hink, about eight bothles.

Yours, respectfully, THOS. C. FAULDER.
