IT HAS AN ENTIRELY NEW ACTION—The old IT HAS AN ENTIRELY NEW ACTION—The old Cough Medicines always sicken the atomach and produce nansen which is more disagreeable than the Cough itself. This is obviated in this mixture, for it is a please ant soothing article and it will core, or the woney will be refunded—The evidence in favor of this medicine in our city, from our own citzens, should convince any one of its efficiery. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most heroic success.

CONSUNPTION—A lady from Staubenyille writes, that her daughter had been afflicted with a Cough and expectoration, night, sweats, hectic fever, and all the distressing symptoms of consumption, and that after taking two bottles she was entirely tured. A gentleman in Washington county, who had suffered with Ashma and Chronic Cough for eight years, has been entirely releved and the cough removed by the use of half a dozenof bottlesof the Pectoral Syrup. A gentleman from Peoria, illinois, writes that it ke knows the Pectoral Syrup to be a good article, for he has used it in his own case and in the cases of members of his family with the most porfect success. A party may, at a moderate annual premium, insurator ille, and he survive to reach the age of 60 years, the full sum insured up to 815,000, will be paid to man; or if he dies before reaching that age, the full sum insured will be paid to his family or legal representatives.

It has become customary in the Atlantic cities for congregations to insure the lives of their Pastors, and on Christmas or New Year's day to make the family a present of the policy. This is centainly an excellent way of showing their regard for their Minister, whose salary in very many cases is scarcely equal to his immediate wants. To the man of family, at his death, it is a consolation beyond expression to know that his helpless little ones are thus provided for.

Charches involved, would do well to insure the lives of one or more of the trustees, at whose demise the amount would be applied to liquidate the debt.

Tis not more than one year ago since this great remely was brought before the public, for the relief and cure of disease. Its great powers to heal, have, since then, become fully appreciated by the community, and we silege that the longer it is tried the more certain will use great fame spread. It is not the remedy of a day, got up for the sole purpose of making money; but, our which we conceive, will contunud to be used when all nostrums have beer forgotten. The PETROLEUM is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write resurt—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very up to catch at any thing that promises relief from disease. A story can handly be too highly wrought to answer the object of guiling or humburging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our Remedy should be told. in order to secure for it repaintain far exceeding any single article of the materia medica. Plain, unvarnished facts—facts that may be ascertained to our own city and neighborhood, bear ample testimony in favor of the Petroleum.

Baron Lineno, in his celebrated work on Animal Chem istry, says: "An artificial Digestive Fluid, analogous we the Gastric Juice; may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be so soft need, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Parkira, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 33, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Percira.

Dr. Comes, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the dug quantity of the Gastric Juicois a prominent and all-presing cause of Dyspepsia," and he states that "a distingulanced confessor of medicine in London, who was severely ufficience in the complaint, finding everything else to fail, had recourse—the Gastric Juice, obtained from the stomach of living unities, which proved completely successful."

Dr. Granak, author of the famous works on "Vesting his Die Diet," asys: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestion of them in no wise different from the natural digestion of them in no wise different from the natural digestion of them in no wise different from the natural digestion of the famous works of Man," Lea M A Miner. Gravel Boofing.

THE subscribers reppetfully inform the citizens of Pittsburgh and vicinity, that they are now fully prepared to fill orders for GRAVEL ROOFING, in a manner not to be surpassed in this city or elsewhere. From their experience in business, they feel confident that they will render satisfaction to all those who may give them work. The superiority of Gravel Roofs overany other kind, particularly in case of fire, is too well known to require any argument in its favor. To those who are unacquainted with our work, we beg leave to refer them to Messrs. Thomas Liggett, Sr., John F. Perry, Rody Patterson, M. Kane, Jr., and others, for whom we have done work. Orders thankfully received and promply strended to. We will be found on Wylle street, be tween High and Tunnel streets.
