Report of the Board of Visitors of the Pittsburgh Infirmary.  
By the Act of Assembly incorporating the Pittsburgh Infirmary, the undersigned were constituted a "Board of Visitors" and charged with the duty of meeting annually on the second Monday of January to examine and report on the condition and management of the institution.

In obedience to this injunction of the Legislative authority, the undersigned met at the Infirmary building on the second Monday of the present month, and reported to the Board.

The Director of the Infirmary, the Rev. W. A. Passavant, mounted a Report of the condition of the institution, which was ordered to be published. For this most interesting chapter upon the institution, proposed and intended for the benefit of the sick poor of this city, the undersigned have the honor to state that the Board of Visitors would be pleased to have the report published. A statement of the receipts and expenditures was also submitted, having been carefully examined by the members of the Board, and found to be correct, was likewise ordered to be published.

The buildings and all the departments and wards thereof were thoroughly inspected by the several members of the Board, and found to be in excellent condition. The order and decorum which presided the entire establishment, and the administration of its affairs, was equally a matter of surprise and gratification.
