IT HAS AN ENTIRELY NEW ACTION—The old Cough Medicines always sicken the stomach and produce nansea which is more disagreeable than the Cough itself. This is obviated in this mixture, for it is a pleasant soothing article and it will cure, or the money will be refunded? The evidence in fayor of this medicine in our city, from our own citizens, should convince any one of its efficacy. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most heroic success.

CONSUMPTION—A lady from Steubenville writes, that her daughter had been afflicted with a Cough and expectoration, night sweats, hectic fever, and all the distressing symptoms of consumption, and that after taking two bottles she was entirely cured. A gentleman in Washington county, who had suffered with Ashma and Chrone Cough for eight years, has been entirely relieved and the cough removed by the use of half a dozen of bottles of the Pectoral Syrup. A gentleman from Peoria, Illinois, writes that "he knows the Pectoral Syrup to be a good article, for he has used it in his own case and in the cases of members of his family with the most perfect success. I have this season paid more than usual attention to the manufacturing and style of my garments, so that the very lowest priced as well as the finest are got up in a style and elegance not to be surpussed. Hundreds of new customers, both wholesale and retail, have been attracted as much by the superior make of the clothing as by the lowness of my prices.

The proprietor would particularly call the attention of all dealers in Clothing to his present stock, believing that upon examination of the quality and prices of his Goods they will be induced to purchase at his establishment. The wholesale room now contains upwards of 2,000 garments, from the finest in quality to the lowestin price.

I thus become customary in the Atlantic cities for congregations to insure the lives of their Pastors, and on Christmas or New Year's day to make the family a present of the policy. This is certainly an excellent way of showing their regard for their Minister, whose salary in very many cases is scarcely equal to his immediate wants. To the man of family, at his death, it is a consolation beyond expression to know that it is helpless little ones are thus provided for.

Charches involved, would do well to insure the lives of one or more of the trustees, at whose demise the amount would be applied to liquidate the debt.

T is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great powers to beal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money; but, one, which we conceive, will contunue to be used when all nostrums have been forgotten. The PETROLEUM is a Natural Remedy, claborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write TaUTH—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought to answer the object of guiling or hembugging some of them. Now, we do not derire to do this; we are anxioux only that the truth in relation to our Remedy should be told. Foundry Warehouses.
