Manufacturers of Phænix Fire Proof Safes, Manufacturers of Phoenix Fire Proof Safes, Second street, between Wood and Smithfeld. ON Tacesday afternoon, Jafy 23, 1848, the undersigned were called upon by Messis. Lipp encout & Barr, to witness an honest and fair test of one on their Phoenix Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money; when the door of the Safe was closed and the fire kindled at . quarter past 2 o'clock, and in a short time the Safe was red boi, and continued ill half past 6 o'clock, being about four and a half hours, when the committee expressed their sofistation that the time occupied with such heat was sufficient. The furnace was then pulled down, Bafe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. Wo therefore take pleasure in recommend-ing these Sates to the public, as being, in our judgment, entirely fire proof. IL Don't forget the place, No. 60, corner of Wood treet and Diamond Alley. ap22 **Roasting Bottle Jacks.** THE subscribers have received another small lot of superior Bottle Jacks, direct from Shefield, war-ranted to work well. In presenting this article to the notice of the public, the subscribers deem it necessary to remark, that daring the last five years they have sold several dozen, and as far as we have been able to fiscer-tain they have given entire satisfaction. To such as do not understand what is meant by a bottle jack, we would explain that it is machinery resembling clock 1 work, but much more powerfal, euclosed in a brass frame, and worked by a strong steel spring; that its ac-tion is alternate, and regulated by a horizontal fly wheet, to which is suspended the joint of beef, or any other i hing to be roasted; that the machine when fully wound up will continue in motion for two or three hours. The jacks are generally used with a screen or a large tin
