"I HE UNRIVALIED PLACE for obtaining all Wines, I Liquors, &c., GOOD and CHEAP.
"SNIDER" has lately—in consequence of the numerous large sales made by him to consumers—been obliged largely to replenish his stock by fresh importations, and he has now the satisfaction of offering some of the best Wines and Liquors ever imported by him. He would refer to some invoices as follows—viz:

DUFF, GORDON & CO. SHERRIES—embracing delicate Pule at very low, prices, rare old, and some very tholes MANRANILLA, all on drunght by the gallon—also, rare old delicate AMONTILLADO, in casks of 16 gallons specially silected for consumers. Some EXTRA AMONTILLADO in bottles, put up in Europe, which he challenges as equal to any that can be produced.

"STAR MANZANILLA and AMONTILLADO Sherrites are peculiarly adapted to convalescents, as they strengthen without simmlining; and have not the acid of many other Wines.

PORT WINES—principally specially selected for his sales to consumers from the stock of "Burmerra's," at Oporto, and imported direct.

These Wines are fruity and delicate, and have been highly approved by his castomers, because of their munifest superiority syot all other Ports and Red Wines paimed off as such.

They circled various sorts and prices, in bottles and on draught by the gallon, or wholesale by the cask. Among them is some rare delicate WHITE PORT and MALM-SEY PORT.

"*Persons suffering with chronicatection of the bowels cannot, be too careful in their PORT. AND MANUSCRIBES, respectfully informs his friends and the partons of these papers, tank he has a large assortment of JOB TYPE AND ALL OTHER MATERIAL necessary to a Job Printing Office, and that he is prepared to caroute at a cheaper rate than my other medicine ever discovered.

IT HAS AN ENTIRELY NEW ACTION—The old Cough Medicines always sicken the stomach and produce nause which is more disagreeable than the Cough itself. This is obviated in this mixture, for it is a pleasant soothing article and it will cure, or the money will be refunded! The evidence in favor of this medicline in our city, from our own citizens, should convince any one of its efficacy. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most herois success.

CONSUMPTION—A lady from Steubenville writes that her daughter had been ufficted with a Cough and expectoration, night swears, hectic fover, and all, the distressing symptoms of consumption, and that after taking two bottles she was entirely cured. A gentleman in Washington county, who had suffered with Asthma and Chronic Cough for eight years, has been cutirely relieved and the cough removed by the use of half a dezenof bottles of the Pectoral Syrup. Agerdemon from Peoria, Illinois, writes that "he knows the Pectoral Syrup to be a good article, for he' has used it in his own case and in the cases of members of his family with the most perfect success.

It is one of the Chrapest Membines sow, known—It is put up in half pint bottles at 50 cents each, or six bottles for \$2,00.

COUNTRY STORREEPERS would do well to keep a supply of this medicine or hand all the time, as it is one of the most perfect and diseases of the lungs and incipient Consumption.

THE undersigned, Administrators of the estate of the state of the stat PETROLEUM OR ROCK OIL;
It is not more than one year ago since this great remeded was brought before the public, for the relief and cure of disease. Its great powers to bent have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the tremedy of a day, got up for the sole purpose of making money; but, one, which we conceive, will continue to be used when all nostrums have been forgotten. The PETROLEUM is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write ratura—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. A GREAT DYSPEPSIA CURER,

PREPARED from Rennet, or the fourth stomach of the Ox, after directions by Baron Liebed, the great Physiological Chemist, by J. S. HOUGHTON, M.D., No. 11, North Eighth street, Philadelphia, Pa.

This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JIUNDICE, CONSTIPATION, LIVER COMPLINT, and DEBILITY, curing slater Nature's own method, by Nature's own agent, the Gastric Juice. Half a teaspoonfull of this Fluid, infused in water, will digest or dissolve Five Pourns or Roast Beep in About two hours, out of the stomach.

SCIENTIFIC EVIDENCE!

Baron Liebo, in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be so softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Peneira, in his famous treatise on "Food and Dict," published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Comes, in his valuable writings on the "Physiology of Digestion," observes that "a dimination of the due quantity of the Gastric Julee is a prominent and all-pre-Or Gastrio Juice!

Dr. Bluon's great work, the "Chemistry of Man," (Lea & Blanchard, Phila., 1846, pp. 321-2) says: "The discovery of PEPSIN forms a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive finid, prepared from Pepsin, as it is in the natural Gastric Juice lisel?"

Professor Dunotison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals; are well known. "In all cases," he says, "digestion occurred as parfectly in the strificial as in the natural digestions."

AS A DYSPEPSIA CURER,

Dr. Hovednow's preparation of PEPSIN has produced the most marvelous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given or more than TWO HUNDRED REMARKALALE CURES, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.
