metinis LOCAL, MATTERS. Expected in our Ciry .- Mrs. Coe, a lady of fine falents and excellent character, who has recently uring in Cleveland, Paincsville, and othe places, is soon expected in our City-where she will discourse upon the Education, Influence, Rights, Duties and Responsibilities of Women. The Cleveland Herald, in noticing her fectures in that city, Mrs. Coo is an interesting speaker. She talks with enriestness, fearlessness and eloquently. Her topics are home truths, which she brings home to sexes with woman's winning power. Pos ing a musical voice, her well turned periods fall pleasantly upon the ear, whether modulated be pathos, polished with wit, pointed with satire, o clothed with denunciatory thunder. She entertain no drowsy audiences. Even poor Caudle must hear her through I bre last evening was eminently calculated to de good. Few persons, male or female, married to de good. Few persons, male or female, married or unmarried, could listen to it without resolving to do better for the future in some of the relations of life.—In most cases in many. It was a reform discourse, worthy of frequent repetition in the presence of the fathers, mothers, sons and daughters of the Republic. John McAdams, the man who shot Jones, the Watchman, noticed in another article, made intion yesterday, before Ald. Steel, against Issue M. Jones and Wm. Steinberg, Watchmen, for committing an assault on his wife, and folsely imprisoning her. He alleges that tools at various times, previous to his engagement, had been stolen from the house which he was employed to watch; that since his engagement there his wife had been in the habit of staying with him at nights, and that on Monday night the sald Jones and Steinberg arrested his wife and put her in the Watch-house, where she was kept till morning and then dis-Jones appears to be rather unfortunate in the shooting business. It will be remembered that last sammer he had very serious difficulties with a German on the Fourth street road, which resulted in his shooting one man and getting badly beaten him-A WATCHMAN SHOT .-- On Monday night about 11 o'clock, a man and woman were seen entering a va cant house on Centre Avenue, which aroused the suspicion of the Watch, and one of them, named Jones, endeavored to get into the house by the window, but failing in that, he started to go round to the back of the house by way of a little alley, when the man fired, the shot taking effect in Jones' leg, in juring him severely. Upon an investigation of the affair, before the Mayor, it was found that the man who fired was employed to protect the building, and that the woman who had gone in with him was his wife. He was held to bail in the sum of \$1,000. DRAUGLEY DRESSES .- We apostrophise with the New York Mirror-Ladies! we are daily disgusted at speing you sweep the filthy streets with your dresses. What a pasty fa hion! What masses of mud cling to your skiets, your sto kings, and all the etcet eras of your pedal extremities. What a wanton waste of fabric and of soap. How many dezen pair of stockings it takes a week to keep you decent about the ankles. But we have't the stomach to parane the subject. Will Mrs. Swisshelm or Mrs. rtington come to our aid and give these aboming ble draggle skirts a regular blowing up? House or Reruge. - The committee appointed to belect a location for the House of Refuge, we understand, are now viewing the various desirable situations around Pittsburgh, before making their final report. If they have not already done so, we trust they will visit " Nunnery Hill," back of Allegheny, which is certainly one of the most delightful spots in the vicinity of the City. This property is now owned by Thomeson Bell, Esq., who, we are in formed, is willing to soll it on very reasonable SHOPLIFTING. -James Alton and Wm. Fairburn were arrested on Monday night, charged with pilarticles of wearing apparel from Daly & Co's Stock-Goder's Lady's Book, Sartain's and the Ladies' National Magazine for March, have all been received ed at Hornes! Murdoch, the great American tragedian, appeared in the character of Hamlet, we regret to say to a moderate house, but can account for it only on the ground that his presence in the city was not generally known. Oured by Wistar's Balsam of Wild Cherry.

PLEASANT RIDES, Hamilton co., O., Sep. 27, 1850.

J. D. Park—Dear Sir: Take the liberty of advising
you of the benefit that I have derived from the use of
Dr. Wistar's Balsam of Wild Cherry. I was prostrated
by that terrible scourge, Consumption, in May last. The
attack was truly horrifying to me, for five of my family,
(my brothers and sisters), had died of Consumption, I
was afflicted with nearly all of the worst features of the
disease: I had a distressing cough and expectorated a
great deal of blood, hectic fever; severe pains in the side
and chest, cold chills, alternating with flushess of hen
and coplous night swents.

I was under the care of a skilled physician from the
time I was taken sick until phout six weeks since, being
then about helpless, and my friends considering my case
hopeless, or at least beyond the reach of our physician's
skill, advised the use of Wistar's Balsam of Wild Cherry.

Thave taken four bottles of the medicine, and how

CROWN POINT, Luke-co, [12, June-15, 1849.

J. D. Park—Dar Sir. As I have a deep commissoration for the affilicted, permit me to give you a brief kistory of my affilictions, and the benefits derived from the use of "Dr. Wistar's Balsamo of Wild Cherry." In July, 1844, I was attacked with a fever of a typhoid character, which left me in a very debilitated state, when in the following winter I was taken with a severe cold, which reduced me to such an extent as to give me the appearance of a confirmed consumptive. I labored under a severe cough, expectorated a great deal, and was troubled with cold feet and night, sevents. I also frequently raised blood from my lungs. I continued in this state, gradually sinking under the disease, until January, 1847, until I was again attacked with fever. My extremities, especially my feet, were constantly cold, and almost lost their reciting. Under those circumstances it may be raily said that I was a living skeleton. I finally determined to quiti taking medicine prescribed by physicians and try Dr. Wistar's Balsam of Wild Cherry, and from the first week that I commenced taking it I can date a gradual recovery. I continued its use air mouths, at the end of which time I was cured, and have enjoyed good health ever since, and cheerfully recommend, the Balsam to nll those afflicied with diseases of the lungs, and would, say, its hose countenening its use not to be discouraged, if two or three bottles do not effect a cure, but persewere as I have done, and I have no doubt but nine cases out of ten will be blessed with remewed health as I have been.

Important to these afficted with Diseases of the lungs, and would, say, its hope to the second of which the storative virtues!

Its immediate effect is to alley all irritations, and gentify remove the phigm and other morbid servetions from the rubusting the singlammation and other causes which give its to the Lungs intenselyes, thereby enabling them more thoroughly to remove from the blood those imparties and diseased particles, which, if realined, do so much mischaf in the system, and lay the foundation for incurable CONSUMPTION. It also exerts a decided action upon the skin, and assists nature in expelling, through the Ethalents, much of that morbid matter which would otherwise be thrown backupon the Lungs, thus relieving them of a part of their work, and rendering the system pure and healthy. When tuborcles are forming, it checks their development and further progress; or if julceration has indeen place, it assists the Lungs in throwing off the corrupted matter, soothes the irritation, heals the alcertated cayines, and restores them again to healthy action. in this country in Bowel Complaints, and has been used in all our Missions with the most gratifying saccess. I have known it in many cases to act like a charm. Your BANATIVE PILLS are my Sheet Anchor. The best medicine for my Liver Complaint and pain in the side, that I have everused. They are in great demand, and we are entirely out of them. We need five hundred boxes of them. Bro. Bescher says we could use a thousand boxes yearly among our people. to great advantage. I have used your TONIC VERMITUGE as a Toxic in INTERMITTENT PRVER, with the most complete success. I think it was once the means of saving my ownson. During my travels among the churches they past season, I found a whole village-suffering under a prevailing Influenza, attended, with Coughs of a most violent character. I often regretted I had not had a dozen or two of YOUR EXPECTORANT to administer to them, for I believe from what I have seen of its effects, that it would have been just the thing for those poor people. I pressume you have not hitherto had an idea to what an extent your medicines are, used in all our Missions. Affectionately yours. E. L. ABBOTT For sale at the Pekin Tea Store; 33 Finit st. [nov23]
