The law provides that the Commissioners shall receive "no compensation" other than their " necessary expenses," but makes no specific appropriation for the payment of these. The State Treasurer, therefore, declines any further payment of such expenses-consequently they have been paid out of the \$100,000 appropriated for the erection of the Hospital.

The different items of expense referred mount in the aggregate to \$2410 60. Under the provisions of the 17th sect. of the

law, there have been paid into the State Treasury \$960 60 to aid in the erection of the Hospital. This, with the appropriation made by the Legis lature, made \$100,960 60 placed at the disposal of nat port, and the duties not paid. They consist of Irish the Commissioners. From this sum deduct \$2410 60, necessarily expended for purposes above sta-ted, and there will remain \$98,550 02, making a a cars deficit of \$1449 98 to be provided by the Legis ture, to enable the Commissioners to fulfill their obligation to Mr. Haviland.

It will also be necessary during the coming

season to provide suitable out-buildings, such as stables, carriage-house, smoke-house, laundry, &c., also for expenses in laying out and opening a State Road authorized by the last legislature.

In the Senate the bill appropriating \$500 to Mrs. Jones as a compensation for the death of gate to the Judicial Convention, subject to the de" her busband, by a fall through one of the public cision of conferens from the counties of Westmore bridges, passed a third reading. Some discussion was also had upon a bill which contemplates the taxing of freight and passengers contemplates the taxing of freight and passengers over the York and Camberland roud. This is an important bill, as upon its passage will depend those who have been taught to respect the decen-thether a lorge around of response house taught of the decen-

whether a large amount of revenue now realized by the State shall be lost or retained. If a tax is not levied, the difference in the distance between Harrisburg and Baltimore, and Harrisburg and Philadelphia, will give a large amount of Philadelphia trade to Baltimore, and take a very large amount of tonnage from passing over the State road to Philadelphia. The charter of the company provides for the payment of a tax of twenty_five cents on every ton of freight, and 13 cents on every passenger transported over the entire length of the road.

This is the substance of the bill, which it is proposed to amend by permitting all articles of Pennsylvania produce, such as coal, iron, lumber, The Lycoming Gazette advocates the claims of grain, &c., to pass free of toll, and ten cents only adge ELLIS LEWIS to a nomination for the Supreme to be charged upon passengers.
