Manufacturers of Phœnix Fire Proof Safes,

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 25, 1849, the undersigned witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed in the door of the Safe was closed and the fire kindled at 4 red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money, in the Safe, was found to be as great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.
