Allany, June 9th, 1849.

Messrs. A. L. Scovill & Co.—I herewith forward to you
a Centificate of a Cure, effected by your Compound Byrup
of Liverwort, Tar and Canchalagua. The Cough and
expectation was of fourteen months standing, and had
buffled the skill of several of our ominent physicians in
New York; Albany and Cooperstown. I am the person
in whom the cure was effected, and as I had previously
no faith in patent medicines, I have since tried it on
others; and have become natisfied of its value. Minn
was as great a cure as was ever performed, as I had,
during my sickness, been given up twice by my physicians;
I have now commenced my business, after taking, I
think, shout eight boules.

Prikarant Riber, Hamilton co. C., Sep. 27, 1850.

J. D. Rark—Darr Sir: I take the liberty of advising you of the benefit that I have derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was prostrated by that terrible scourge, Consumption, in May last. The attack was truly horrifying to me, for five of my family, (my brothers and sisters,) had died of Consumption. I was sfflited with acely all of the worst features of the disease: I had a distressing cough and expectorated a great deal of blood, hectic fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats.

I was studer the care of a skilled physician from the time I was taken sick until about six weeks since, being then about helpless, and my friends considering my case hopeless; or at least beyond the reach of our physician's skill, advised the use of Wistar's Balsam of Wild Cherty. J. D. Park—Dear Sir: As I have a deep commisseration for the afficient, permit me to give you a brief history of my, and like benefits derived from the use of "Dr. Wistar's Balsam of Wild Cherry." In July, 1844, I was attacked with a fever of a typhoid character, which left me in a very debilisted state, when in the following winter I was taken with a tevere cold, which reduced me to such an extent as to give me the appearance of a confirmed consumptive. I labored under a severe cough, expectorated a great deal, and was troubled with cold feet and night sweats. I also frequently raised blood from my lungs. I continued in this state, gradually, sinking under the disease, antil January, 1847, until I was again attacked with fever. My extremities, especially my feet, were constantly cold, and almost Henry L. Parbam, of Tenn., Consul to the port o pure a debt against the Company. Rio Grande in Brazil, in place of Robert B. Messra: Sanford & Park: I take this opportunity of informing you of a most remarkable cure performed on me by the use of Dr. Wistar's Balsam of Wild Cherry.

In the year 1840 I was taken with the inflammation of the bowels, which I labored under ror six weeks, when I gradually recovered. In the fall of 1841 I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined tomy bed. I rired all kinds of medicines and every variety of aid without henefit; and thus I wearled along until the winter of 1845, when I heard of Dr. Wistar's Balsam of Wild Cherry.

My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the genuine Wistar's Balsam of Wild Cherry. The effect was truly astonishing. After five years of afficient and self-ring, and after having spent four or five hundred dollars to no purpose, and the best and most respectable physicians had proved unavailing, I was soon restored to entire health by the blessing of God rest upon the proprietors of so valuable a medicine as Wistar's Balsam of Wild Cherry.
