CANCHAL ALAGUA;

For the complete cure of Coughs, Codes, Influence, Asthma, Bronchitis, Spitting of Blood, and all other Lung.

Completing of Blood, and all other Lung.

This syrup contains no Opium, Calomet, or any mineral whatever, but is composed entirely of those Hoose, thereby, and vegetable substances which nave a specific influence upon the Lungs, and their connected organs. Its immediate effect is to allay all irritation, and gently remove the phleyn and other morbid secretions from the Throat and Air-Fassages; thus relieving the Congh, by subduting the inflammation and other causes, which give to the Lungs themselves, thereby enabling them more thought to remove from the blood those impurities and diseased particles, which, if retained, do so much mischis! In the system, and lay the foundation for incurable CONSUMPTION. It also exerts a decided action upon the skin, and assists nature in expelling, through the Exhalerits, much of that, marbid matter which would otherwise be thrown back upon the Lungs, thus relieving them of a part of their work, and rendering the system pure and healthy. When tuborcless are fortiling, it checks their development and further progress; or if ulceration has taken place, it assists the Lungs in throwing off the corrupted matter, soothes the irritation, healisthe ulcer atted cavities, and restores them again to healthy section. This Medicine, therefore, is not a pulliative merely, which only rolleves for the time being, but is a thorough curative, as its riskes at the very root of the disease, and by removing it, removes at once all its remotes and attendant consequences. This is its distinguishing characteristic—a property poasessed in equal power, by no other medicine of like muture, now before the public.

As no ordinary sized advertisement can fully explain the nature and merits of this article, the Proprietors have published a new Circular, giving the history of this Medicine; the effect they are designed to drawe upon the Lungs that a great change has been wrought in the morals eported Expressly for the Daily Morning Post amages are laid at \$10,000. J. D. Parks—Dear Sir.: I take the liberty. of navising you of the benefit that I have derived from the dase of Dr. Wistar's Balsam of Wild Cherry. I was prostrated by that terrible scourge, Consumption, in May last. The attack was truly hortifying to me, for five of my family, (my brothers and sisters.) had died of Consumption. I was afflicted with nearly all of the worst features of the disease: I had a distressing cough and expectorated a great deal of blood, hectic fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats.

I was ander the care of a skilled physician from the time I was taken sick until about six weeks since, being then about helpless, and my friends considering my case comprising about four acres.
