Another Blank Road Meeting. A meeting of the citizens of Allegheny and Washington counties was held in Canonsburgh on the 24th ult., for the purpose of taking into consideration the utility of Plank Roads, and the propriety of taking measures to secure a sufficient amount of stock to complete a Plank Road from that place to Pittsburgh, in connection with other companies that are now chartered. Wm. Mc-Daniel, of Canonsburgh, was called to the chair, and John Gilfillan, Esq., of Allegheny county, and James McClelland, Esq., of Canonsburgh, appointed Vice Presidents. The meeting then adjourned to meet on the 20 Toesday of April at the same place. We publish below the concluding paragraph the report alluded to above.

On the whole, the committee are of the opin ion that the interests of Washington and Alleglieny counties would be greatly promoted by the construction of a Plank Road uniting their capitals. The advantages of the farming and traveling community would be enhanced, so that it would afford a safe and profitable investment of capital to the stockholders, and that it would afford facilities for quick and easy communication between the respective county seats, and the intermediate points, far superior to any heretofore known. All of which is respectfully submitted.

Stooped Shoulders.

HOULDER BRACES.—These Braces are essentially adapted to those whose professions in life render the inclined posture necessary. To the consumptive, the sedentary, and all those who, in their daily pursuits, have contracted the habit of stooping, this Shoulder Brace is inestimable. It prevents the shoulders from falling forward on the chest, expands the dimensions of the chamber in which the Lungs and Heat are contained, and gives buoyancy to the whole frame; thus, in its action, counteracting the principal causes which lead months, the sores were up with it night and unay, self and wife were up with it night and unay, self and wife were up with it night and unay, self and wife were up with it night and unay, so to getter, and we had given up all hops of ever raising our little one: At length, a friend advised us to try your Shaker Sarsaparilla. Reluctantly I tried it, and I have reason to bless God for it, for, in a very short time, it had advised us to try your Shaker Sarsaparilla and scar to be seen. We only regret that we did not hear of and how ever using it sooner, as we are satisfied it would have saved a great deal of suffering and expense. The child is now well and hearty. We do unnestiatingly made the long its of diseases where abdominately wonderful, in all those cases where abdominately wonderful, in all those cases where abdominately wonderful, in all those cases of the abdomination of the best preparations now in use.
