Insurance Companies. State Mutual Fire Insurance Company
BRANCH OFFICE, 64 SMITHFIELD ST. PITERINESSY.

January 1st, 1831.

THE best evidence of the success of the Directors in endeavoring to make the "STATE MUTUAL FIRB INSURANCE COMPANY" meet the wants of the INSURANCE COMPANY" meet the wants of the community, is the unpuralleled amount of brainess which has been done—having issued nearly 4,000 Policies in a little more than seven months; and adding over 570,000 capital to the company. The Directors are proud to say, that nearly all the property insured is of the safest kind, in small risks, and a large proportion insured for only one year.

Number of Policies issued— 3,953
Amount of property insured— 3,953
Amount of cash premiums— 24,531,50
Amount of guarantee stock— 3,701,99 is Amount of losses— 3,900,00

To be deducted from the above the incidental expenses of the office.

To city or country merchants, and owners of dwellings, and isolated or country property, it is believed this company afforts advantages in point of cheapness, and isolated or to the office.

A constant assorted PETROLEUM OR ROCK OIL;

It is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great powers to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money; but, one, which we conceive, will continue to be used when all nostrums have been forgotten. [nov15:17] which we conceive, will continue to be used when all nostrums have been forgotten. The PETROLEUM is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write TRUTH—that we say nothing calculated to deceive those who may truss our word or put confidence in our statements. The sick are very apt to catch at any-thing that promises relief from discase. A story can hardiy be too highly wrought to answer the object of gulling or humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our Remedy should be told, in order to secure for it a reputation for exceeding any single stricle of the wateria medica. Plain, unvarnished facts—facts that may be ascertained in our own city and neighborhood, bear ample testimohy in favor of the Petroleum.

Within the past two months, two of our own ciuzens, who were tatally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And, also, the case of a gentleman in Beaver county. There are others; but these cases are near home, and may be referred to by any persons who may have doubts on the subject. These cases were cured alter they had been abandoned by physicians as hopeless-the Petroleum will cure, when used according to directions—Diarrhoza, Dysentery, Piles, Illeumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the face Chronic Sore Eyes, Ringworm, Tetter, Scald Head pains in the bones and joints, old sores. Baron Lieng, in his celebrated work on Animal Chem istry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the microus membrane of the stomach of the calf, in which with reload and digested, just in the same mannet as they would be in the human stomach."

Dr. Perman, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Comm, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severly affiliede with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely encessful.

Dr. Gasham, author of the famous works on "Vegetable Diet," Says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestion of them in no wise different from the natural digestive food, and of effecting a kind of artificial digestive food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Professor Dunalison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all c Very Valuable City Property for Sale.
