To Advertisers. THE MORNING POST has a larger circulation than a subscription paper published in Pittsburgh. To bu ness men it affords an excellent medium for Advertising and being the only Democratic paper issued in Allegh ny county, it goes into the hands of a class of reade reached by no other paper. enough to bear this in mind. We are indebted to one of our Harrisbur correspondents, "Franklin," for a copy of the Free Banking Bill, as it passed the Senate. We have not found time to examine its features carefally.

course it is only the Secretary of the Treasury, Mr. Corwin who is finally to determine the operation of Mr. Hunter's new appraisement bill, as to the impor charges, until the subject shall be brought again to the Supreme Court perhaps. Though the head of the Committee of Ways and Means in Congress, Hon. T. H. Bayly, says it does not contemplate adding freight to the other charges on imported articles, yet, on the other hand, we find the following in the Pottsville Journal, of Saturday :

"Hon. C. W. Pitman, our Representative, who has just returned from Washington, gives us the fol-lowing explanation. The construction that will be put upon the bill by the Secretary of the Treasury, will embrace all costs and charges, including freight, will embrace all coals and charges, including freight, except insurance. If these coals amount to \$6 on iron, the additional protection at 30 per cent. will be \$1 80 per ton. On coal, the cost and charges being about equal to the value of coal abroad, the present duty will he nearly doubled. Mr. P. states that this is the version given the bill by Secretary Carwin binesh?? Corwin himself."
