IT HAS AN ENTIRELY NEW ACTION—The old Cough Medicines always sicken the stomach and produce nauses which is more disagreeable than the Cough itself. This is obviated in this mixture, for it is a pleasant southing article, and it will cure, or the money will be refunded. The evidence in fayor of this medicine in our city, from our own citizens, should convince any one of its efficacy. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most herole success.

CONSUMPTION—A lady from Steubenville writes, that her daughter had been afflicted with a Cough and expectoration, night sweats, heatic fever, and all the distressing symptoms of consumption, and that after the first two bottles she was outley cured. A gentleman from Washington county, who had suffered with Asthma and Chronic Cough for eight years, has been entirely relieved and the cough removed by the use of half a dozen of bottless of the Pectoral Syrup. A gentleman from Peoria, Illinois, writes that "he knows the Pectoral Syrup to be a good article, for he has used it in his own case and in the cases of members of his family with the most perfect success. of March, 1851, at 10 A. Fublic Attention

Is respectfully method to the following truths, set forth in relation to one of the most important Remedies of modern times!

PETROLEUM OR ROCK OIL; PETROLEUM OR ROCK-OIL;

T is not more than one year ago since this great-remedy was brought before the public, for the relief and
cure of disease. Its great powers to heal, have, since
then, become fully appreciated by the community, and
we allege that the longer it is tried the more certain will
its great fune spread. It is not the remedy of a day,
got up for the sole purpose of making money; but, one,
which we conceive, will continue to be used when all
nostrums have been forgotten. The PETROLEUM is
a Natural Remedy, elaborated in the depths of the earth
by a power and agency that laughs to scorn all human
competition. It is our duty, when we write about a
medicine, that we write TRUTH—that we say nohing
catculated to deceive those who may trust our word or
put confidence in our statements. The sick are very
apt to catch at any thing that promises: relief from disease. A story can hardry be too highly wrought to an
swer the object of gailling or humbugging some of them.
Now, we do not desire to do this; we are anxious only
that the truth in relation to our Remedy should be told,
in order to secure for it a reputation iar exceeding any
st single article of the scatteria medica. Plain, unwarnished
facts—facts that may be ascertained in our own city and
neighborhood, bear ample testimony in favor of the Pe-Excellent Business to Dispose of

Baron Lirano, in his celebrated work on Animal Chem istry, says: "An artificial Digestive Fluid, analogous we the Gustric Juice, may be readily prepared from the mu cous membrane of the stomach of the call, in which various articles of food, as meat and eggs, will be so soft ened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Perriea, in his famous treatize on "Food and Diet," published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pergira. DOTATOES-100 bbls. in store and for sale by STUART & SILL. mar4

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminition of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living unimals, which proved completely successful."

Dr. Garliam, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lea & Blanchard, Phila., 1846, pp. 32i-2) says: "The discovery of PEPSIN forms a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid prepared from Pepsin, as it is in the natural Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all causes," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

AS A DYSPEPSIA CURER,

Dr. Houghton's preparation of PEPSIN has produced the most marvelous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than TWO HUNDRED RFMARK.

ABLE CURES, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but perma Philosophy of Brandreth's Vegetable
Phils.

When the theory of the circulation of the blood
was established, the secret springs of vitility
were then partially exposed to our view. We saw and
understood that the food we call, was converted into
blood, which repaired the waste of the animal machine;
the food is fuel, which keeps at a life heat the internal
fires that warm and invigorate our inner man. The
blood is an electric fluid which carries this heat to every
ramification of the body, even to the extremities of the
hair and horny nuil. While the blood is thus the seat of
life, it is also the soat of disease. Food gives the body
strength; Brandreth's pills give blood the necessary
power to throw out from itself all impurities, thus rendering the stream of life pure and healthy. If men were
more sincere, there would be fewer religious creeds;
and if they kept close to nature's laws in the management
of their bodies, they would require little medicine. As
men grow intelligent they will become wiser and happier; even now, their wisdom's proved by the fact that,
when sickness assails them, they use Brandreth's Vegetable Univeral Pills, which soon restore them to heulth.
They are peculiarly adapted to the climate, and require
noextra care when they are used, in either diet or clothing. They should be always in the house, so this tupon
into first indication of sickness they may be used. One
dose in the beginning is more potent for good, than a
dozen diet the sickness is fixed in the system. In colds,
coughs, asthma, rheumalism, costiveness, fevers, and in
all acte, heavy or deep-scaled pains, their effects will
be found beyond all praise. Three or five will act like
a charm, often curing a dangerous malady at once, saving months of sickness and the evils thereunto attending. Remember, Brandreth's Pills are a known and
faulty tested medicine, one that is used by hundreds of
thousands in this country and throughout the civilized
world. They are quietly superseding all other medicines. They take out onn of which will be marked down to lower prices that dry
of their previous sales
They invite an early call, as many of their choicest
