J. D. Park—Dear Sir: I take the liberty of advising you of the benefit that I have derived from the use of the bound of the benefit that I have derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was prostrated by that terrible scoarge, Consumption, in May last. The attack was traly hornfying to me, for five of my family, (my brothers and sisters,) had died of Consumption. I was afflicted with acarty all of the worst features of the disease: I had a distressing cough and expectorated a great Goal of blood, heetin-fever, severe pains in the side and chest, cold chills, alternating with finances of heat and copious night sweats.

I was under the care of a skilled physician from the time I was taken sick until about air weeks since, being then about helpites, said my friends considering my case hopeless, or at least beyond the reach of our physician's skill advised the use of Wistar's Balsam of Wild Cherry.

I have taken four bottles of the medicine, and now consider myself perfectly well. I make this statement to induce others that are afflicted as I have been, us make trial of Wistar's Balsam of Wild Cherry, whigh remedy has, under the blessing of Providence, restorted my health.

STOCKTON, ry of my afflictions, and the benefits derived from the use of "Dr. Wistar's Baisam of Wild Cherry." In July, 1844, I was attacked with a fever of a typhold character, which left me in a very debilitated state, when in the following winter I was taken with a severe code, which reduced use to such an extent as to give me the appearance of a confirmed consumptive. I labored under a severe cough, expectorated a great deal, and was troubled with cold feet and night sweats. I also frequently raised blood from my longs. I continued in this state, gradually smitting under the disease, until January, 1847, until I was again attacked with fever. My extremities, especially my feet, were constantly cold, and almost losttheir feeling. Under these circumstances it may be truly said that I was a living skeleton. I finally determined to quit taking medicine prescribed by physicians and try Dr. Wistar's Balsam of. Wild Cherry, and from the first week that I commenced taking it I can date a gradual recovery. I continued its use six months, at the end of which time I was cured, and have enjoyed good health ever since, and cheerfully recommend the Balsam on those sailicted with diseases of the lungs, and would say to those commencing its use not to be discouraged, if two or three boiles do not effect a cure, but perserver as I have done, and I have no doubt but nine cases out of ten will be blessed with rerowed health as I have been.
