Sir: As I have a deep commissers-tion for the afflicted; permit ma to give you a brief histo-try of my afflictions, and the benefits derived from the use of "Dr. Wistur's Balsam of Wild Cherry." In July, 1844, I was attacked with a fever of a typhoid charaoter, which left me in a very debilitated state; when in the following winter I was taken with a sovere cold, which reduced me to such an extent as to give me the appear-ance of a confirmed consumptive. I labored under a nevere cough, expectionated a great deal, and was trou-bled with cold feet and night sweats. I also frequently raised blood from my langs. I continued in this state, randuly inking under the disease, until January, 1847, until I was again attacked with fever. My extremities, erpecially my feet, were constantly cold, and almost losttheir feeling. Under these circumstances it may bo truly said that I was a living skelton.
