CHEREDITARY CONSUMPTION!

J. Park—Dear Sir. I take the liberty of advising you of the benefit that I have derived from the use o. Dr. Wistar's Baisam of Wild Cherry. I was prostrated by that terrible scourge, Consumption, in May last. The attack was truly horrifying to me, for five of my family, (my brothers and sisterss), had died of Coasumption, I was afflicted with searly all of the worst features of the disease: I had a distressing cough and expectorated a great deal of blood, hectic favor, severe pains in the side and chest, cold chills, siternating with flushes of heat and copious night sweats.

hopeless, or at least beyond the reach of our physician's akili advised the use of Wistar's Balsam of Wild Cherry.

I have taken four tottles of the medicine, and now consider myself perfectly well. I make this statement to induce others that are afflicted as have been, to make trial of Wistar's Balsam of Wild Cherry, which remedy has, under the blessing of Providence, restored my health.

I D. Park—Dary Str. As I have a deep commisseration for the afflicted, permit me to give you a brief history of my afflictions, and the benefits derived from the use of "Dr. Wistar's Balsam of Wild Cherry." In July, 1844, I was attacked with a fever of a typhold character, which left me in a very debilitated state, when in the following winter I was taken with a severe could, which reduced me to such an extent as to give me the appearance of a confirmed consumptive. I labored under a severe cough, expectorated a great deal; and was troubled with cold feet and night sweats. I also frequently raised blood from my lungs. I continued in this state, gradually sinking under the disease, until January, 1847, until I was again attacked with fever. My extremities, especially my feet, were constantly cold, and almost lostitheir feeling. Under these circumstances it may be truly said that I was a living skeleton. I finally determined to quit taking medicine prescribed by physicians and try Dr. Wistar's Balsam of Wild Cherry, and from the first week that I commenced taking it I can date a gradual recovery. I continued its use six months, at the end of which time I was cared, and have enjoyed good health ever since, and cheerfully recommend the Balsam of the large and would kny to those commencing its use not to be discouraged, if two or three bottles do not effect a care, but persever as I have done, and I have no doubt but nine cases out of ten will be blessed with renewed health as I have been.

masse. canyora e. rare: I take this opportunity of informing you of a most remarkable cure performed on me by the use of Dr. Wistar's Balsam of Wild Cherry. In the year 1840 I was taken, with the inflammation of the bowels, which I labored, under tor six weeks, when I gradually recovered. In the fall of 1841 I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was conmy inings, and for the space of inree years I was confined tomy bed. I tried all kinds of medicines and every variety of aid without benefit; and thus. I wearled along until the winter of 1845, weeh I beard of Dr. Wuttar's Balsam of Wild Cherry.

My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the genuine Wittor's Balsam of Wild Cherry. The effect was trialy a stonishing. After five years of affliction and suffering, and after having spent four or five hundred dollars to no purpose, and the best and most respectable physicians had proved unavailing. I was soon restored to entire health by the blessing of God, and the use of Dr. Wistar's Balsam of Wild Cherry.

May the blessing of God rest upon the proprietors of so valuable a medicine as Wistar's Balsam of Wild Cherry. Yours, respectfully, W. H. BARER.
