LOCAL MATTERS.

QUERTER Scinors .- Friday, April 4, 1851. Judges McClure and Boggs on the Bench. The case of the Com. cs. Jas. Ackerman, Larceny, was resumed this morning. A number of witnesses were examined on the part of the defence, whose evidence went to show that it was customary for hands working in an establishment t take portions of articles for their own use. The case was argued to the jury by Col. S. W Black for prosecution, and J. K. Kennedy and Mellon for defence, with a zeal and ability which many a case of much greater weight fails to receive. The jury returned a verdict of "not guilty ." Com. ps. John Duffy-Larceny. The defendan is charged with baving, on the 14th of February, robbed Alexis Bonnet of a gold watch and chain. Counsel-O. H. Rippey for Commonwealth, and H. S. Magraw for defence.

PIPE AND A TRANSPORT

Mr. Bonnet testified that on the night of the Mayor's election, a crowd came up and asked him to treat ; he declined, and then they jerked him into the crowd and said he must go down to Third street and drink with them. He resisted, and during the scuffle, which lasted for a moment, he had his watch and chain, worth about \$100, taken from him. Duffy was one of the crowd; he was arrested a short time afterwards, but none of the articles missed were found on his person ; although, when taken to the Alderman's office, he said he could show them the person who had the watch-but in him they had the wrong man. A. B. Keevil testified that on Fourth street he

saw Duffy and another take hold of Bonnet and insist on his going to the St. Charles to drink ; in endeavoring to get loose, he saw Duffy take the watch and chain from the person of Bonnet ; asked Bonnetsifihe lost his watch, and he said he had. then followed after Daffy, who was in company with a young man by the name of Cook ; thought I saw him, hand something to Cook ; and as I followed, Duffy drew a pistol and said to Cook, " Shall I shoot ?" Another witness testified that he saw Doffy break

the guard chain and take the watch from Bonnet ; when Duffy was arrested he said that the watch was a the coffee house at the head of Seventh street ; the house was searched, but nothing could be found. The case was submitted to the jury under the charge of the Court. The jury returned a verdict of guilty

Com. tr. Jos. Barker and others, for Riot. Counsel-Col. Black and Cochran for prosecution and Magraw, Mation and Snowden for defence. The defendants are charged with having commit ted a riot some time in October last, in arresting the police appointed by the City Council.

Richard Pryor testified that he was one of the police appointed by City Councils last fall, and that while in the discharge of his duty, Barker and others came up to him, in Market street, and violently arrested him and took him to the watch house, and said that if he had two hundred men on he would

I cough but little now, and ex-pect soon to be entirely free from it. I consider it an invaluablo medicine, and shall recommend it to all write are afflicted with a cough or diseased lungs.
