Its great powors to heal, have, since then, become faily appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money i but, one, which we conceive, will contance to be used when all nostrums have been forgotten. nostrums have bee' forgomen. The PETROLEUM is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write ratyrh—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to eatch at any thing that promises relief from dis-ease. A story can hardiv be too highly wrought to an-swer the object of guiling or humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our Remedy should be told, in order to secure for it a reputation. Far exceeding any single article of the materia medica. Plain, unvarished facts—facts that may be ascernained in our own city and neighborhood, bear ample testimony in favor of the Pe-troiema.
