Extract from a letter from F. M. Corry to H. L. Stewart, No. 137, Second street, New York.

Dear Friend Stewart: I have been home now just two months. When I last saw you, I had but little hopes of ever getting any better. But I have now the pleasure of thanking you for recommending me to take Dr. Rogers' Syrup of Liverwort, Tar, and Canchalagua. I got a dozen bottles of it and took home with me, determined to make a fair trial of it, as I had done with everything else. I have only taken four bottles of it, and I mast say it has done me more good than any other medicine I have ever tuken. On my first taking it, it increased the expectoration, and I raised a great deal of bloody matter from my luns. But that has now ceased, and so has my cough, nearly. I cough but little now, and expects soon to be entirely free from it. I consider it anivaluable medicine, and shall I let a young lady who had the CONSUMPTION, and had bled a good deal from the lungs, and doctored sever-al months with our physician, but grew worse, have one bottle of it, and it cured her. It acted almost intraculously in her case.

Your sincere friend, F. M. CORY.

medicine did not seem to help me. I read your advertisement, and thought I would try Dr. Rogers' Syrup of

INTERESTING CORRESPONDENCE

Dr. Wm. Y. Banks, of Xenia, Ohio, n highly respectable Druggist in that delightful village, has informed us that the sale of Wistar's Balsam' of Wild Cherry is unparalleled. The demand for it is so great that he can scarcely keep himself supplied with it. He has had in his store medicines for lung affections. Some of these were esteemed good and some gave temporary relief.—But since he has had .Wistar's Balsam of Wild Cherry, a number of the most nerious cases were completel rearred by its use. "I never sold a medicine," says the door tor, "in which I had that entire confidence that I had in this." rea by Hause. "I never sold a medicine," says the door tor, "in which I had that entire confidence that I had in this."

It curses! Wherever Wistar's Balsam of Wild Cherry is introduced, it at once attains that high reputation it so rieshly deserves. What can prevent its sale when on every hand can be winnessed its wonderful cures? The worst case of Ashma, recent and dangerous Cough, (and also those that are of long standing.) Bronchits or Consumption (in its early stages) are always cured by this remarkable medicine.

J. D. Park—Bear, Sir.: I take the liberty of advising you of the benefit that I have derived from the use o. Dr. Wistar's Balsam of Wild Cherry. I was prestrated by that terrible scourge, Consumption, in May last. The attack was truly horrifying to me, for five of my family, my brothers and sisters, I had died of Consumption. I was afflicted with searly all of the worst features of the disease: I had a distressing cough and expectorated a great deal of blood, hectic fever, severe pains in the side and chest; cold chills, alternating with flushes of heat and copious night sweats.

I was under the care of a skilled physician from the time I was taken sick until about six weeks since, being then about helpless, and my friends considering my case hopeless, or at least beyond the reach of our physician's skill, advised the use of Wistar's Balsam of Wild Cherry.

I have taken four bottles of the medigine, and now challes weeks. skill advised the use of Wistar's Balsam of Wild Cherry.

I have taken four bottles of the medicine, end now consider myself per cetty well. I make this statement to induce others that are smilleted as I have been, to make trial of Wistar's Balsam of Wild Cherry, which remedy has, under the blessing of Providence, restored my health.

Crown Point, Lake co, In., June 15, 1849.

J. D. Park—Bear Sir: As I have a deep commisseration for the afflicted, permit me to give you a brief history of my afflictions, and the benefits derived from the use of "Dr. Wistar's Balsam of Wild Cherry." In July 1844, I was attacked with a fewer of a typhold character, which left me in a very debilitated state, when in the following winter I was taken with a severe cold, which reduced me to such an extent as to give me the appearance of a confirmed consumptive. I labored under a severe cough expectorated a great deal, and was troubled with cold feet and night sweats. I also frequently raised blood from my lungs. I continued in this state, gradually sinking under the disease, until January, 1847, until I was again attacked with fever. My extremites, especially my feet, were constantly cold, and almost lost their feeling. Under these circumstances it may be truly said that I was a living skeleton. I finally determined to quit taking medicine prescribed by physicians and try Dr. Wistar's Balsam of Wild Cherry, and from the first week that I commenced taking it I can date a gradual recovery—I continued its use six months, at the end of which time I was cured, and have enjoyed good health ever since, and cheerfully recommend the Balsam to all those afflicted with diseases of the lungs, and would say to those commencing its use not to be discouraged, if two or three bottles do not effect a cure, but persever as I have done, and I have no doubt but nine cases out of ten will be blessed with irenewed health as I have been.

Massis, Sanford & Park. I take this opportunity of informing you of a most remarkable cure performed on me by the use of Dr. Wistar's Balsam of Wild Cherry. In the year 1840 I was taken with the inflammation of the bowels, which I aboved made ror six weeks, when I gradually recovered. In the fall of 1841 I was taken when I gradually recovered. In the fall of 1841 I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines and every variety of aid without benefit; and thus I wearied along until the winter of 1845, when I heard of Dr. Wistar's Balsam of Wild Cherry.

My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the graining Wistar's Balsam of Wild Cherry. The effect was struly astonishing. After five years of smilletion and baffering and after having spent four or five hundred dollars ion purpose; and the best and most respectable physicians had proved unavailing, I was soon restored to entire health by the blessing of God, and the use of Dr. Wistar's Balsam of Wild Cherry.
