To Advertisers. The Monnya Post has a larger circulation than any subscripton paper published in Pittsburgh. To busi-ness men it affords an excellent medium for Advertising; and being the only Democratic paper issued in Alleghe-ny county, it goes into the hands of a class of readers reached by no other paper. Advertisers will be good enough to bear this in mind.

I also had the advice of six or seven of the best physicians in the country, without effecting a cure, and I almost wished the little sufferer dead, that it might be freed from its pains. During the last six months, the sores were so distressing and painful, my-self and wile were up with it night and day, for weeks together, and us had given up all hops of ever raising our little one. At length, a friend advised us to try your Bhaker Sursaparila.
