Extract from a letter from F. M. Cory to H. L. Stew-art, No. 137, Second street, Now York. SPARTA, June 30, 1849. Dear Friend Stewart: I have been home now just two months. When I last saw you, I had but little hopes of ever getting any better. But I have now the pleasure of thanking you for recommending me to take Dr. Rogers' Syrup of Liverwort, Tar, and Canchalagua. I got a dozen boules of it and took home with me, determined to make a fair trial of it, as I had done with everything else. I have only taken tour boules of it, and I must say it has done me more good than any other medicine. I have ever taken. On my first taking it, it increased the expectoration, and I raised a great deal of bloody matter from my luncs. But that has now ceased, and so has my cough, nearly. I cough but little now, and ex-pect soon to be entirely free from it. I consider it an invaluable medicine, and shall recommend it to all who are afflicted with a cough or diseased lungs. Statement of Mr. A Lang, Baker, No. 399 Pearl street, N.Y.—A few days before last Christmas, I was taken unwell, and soon commenced bleeding freely at the Lungs. I called in a Homeopathic physician, but his medicine did not scene to help me. Ir cad your advert-isement, and thought I would try Dr. Rogers' Syrup of Livernort, Tar and Canchalagua. Before I had taken up the third bottle, my bleeding had stopped, my Cough was gone, and I felt as well as usual. My health is now good.
