The Democratic Party and the Presi-Our political opponents in many parts of the country (remarks that admirably conducted paper the Norristown Register.) seem to be in great tri bulation, because they cannot foretell with confidence which of the distinguished men of the nation will be chosen by the Democratic party, a the standard bearer of its principles at the next

Presidential election. Various surmises are in dulged in by these gentry, and a great deal of unnecessary trouble is taken in reference to a question which they can have no interest in whatever excepting to ascertain before hand, who they a destined to be essentially beaten by in 1852. We hope they will curb their impatience for while, assuring them that, in due season, every thing shall be made clear to their views. We quote further from the Edgefield Advertiser, as

will be permitted to secede peaceably. This he con-siders by far the most formidable danger that lies in our path. Were war the consequence of our action he would not dread the step as much as he does .--But he looks with alarm to the indications, which are becoming palpable, that we will be permitted to lepart without molestation. His apprehensions of vil from this course of masterly inactivity, are based upon the dissensions which, he fears, will spring up among our people, from the strong opposition of the commercial interests in our midst, and from the anloyance which Federal gold may bribe the surround ng States to inflict upon us. He lears this may ren-ter our action a failure. But he firmly believes that if South Carolina were united, she could safely and

certainly dissolve the Union at once."

The Great California Plant.

IIT Canchalagua, the great medicinal herb of California, is a new and invaluable addition to our Pharmacopæia. A. Robinson, Esq.; anthor of "Life in California," Hon. J. C. Jones, long a resident there, and other eminent travelers testify to the wonderful success with which it is used by the natives as a cure for Pulmonary and Bilions complaints. By combining it with Liverwort and Tar, the best remedies for Coughs, Colds and Cauarrhal affections known, prior to the addition of this Plant to our Herbarium, a medicine has been produced, which, if we are to believe the testimony of scores of convalescent patients, will cure Consumption itself, in its earlier stages. We refer to Dr. Roger's Syrup of Liverwort, Tar and Canchalagua. The public are not asked to take its virtues upon trust. The Pamphiet in the hands of Agents explains the Philosophy of its operations, and gives the proofs of its success. [april 2]

Who would not rather enjoy the pleasures of health and the agreeable consciousness of well-being, to the griping pains of disease—the bitter continuance of ill-health, and the chilling thoughts of never recovering!

But, of all diseases, who is not most anxious to escape a disease of the Lungs! The very idea of falling a victim to Consumption, sends a tremor to the lieart-strings of life. But, oh! how joyous the thought that Luff and Health is ellil our own, when just before, Despair had spread her dark canvas over us.

Such, kind reader, are the pleasurable sensations experienced by hundreds, who, by the use of Dr. Wistar's Balsam of Wild Cherry, have this dire diseases slowly, but surely, driven from their system—and health, rosy health, again restored to their languishing bodies.

Beware of counterfeits and base imitations.

THE GREAT SPRING AND SUMMER MEDICINE.
IT PREVENTS DISEASE—PROOF: IT PREVENTS DISEASE—PROOF:
A CHILD SAVED! Curious Case.—The following evidence is only one of thousands of similar character; and conclusively proves that Dr. Howe's Sarsaparila is one of the most effective remedies ever discovered:

Dr. How:—Dear Sir.—My son, when about six months old, broke out with that dreadful disease, Scrofulous Sores, over the face and body; and for two years and a hall I nied every means that could be suggested by my friends. I also had the advice of six or seven of the best physicians in the counter withous seven of care, and I almost wished the little sufferer dead, that it might be freed from its pains. During the last sax months, the sores were so distressing and painful, myself and wile were up with it night and day, for weeks together, and we had given up all lape of ever raising our little one. At length, a friend advised us to try your Shaker Sarsaparilla. Reluctantly I tried it, and I have reason to bless God for it, for, it a usry shorttime, it healed up the sores, so that there is scarcely even a sear to be seen. We only regret that we did, not hear of and commence using it sooner, as we are satisfied it would have saved a great deal of suffering and expense. The child is now well and hearty. We do unnestitutingly consider, your Shaker Sarsaparilla one of the best preparations now in use. JOHN STANSBURY,

the Shaker preparations are truly calculde, and recommend them to the public. No Mercunt—no Minbral—no Poisonous Drugs in the Shaker Saraparalla. Remember, it is varianted to be vurely and entirel lemember, it is warranted to be purely and entirely etable, and as a Female and Family medicine it has io equal.

Be sure you enquire for Dr. S. D. Howe's Shaker. Sarsaparilla.

statement of John Watt, who was cured of an old Cough by the use of the PERROLEMS:

"This may certify that I have been cured of an old chronic cough by the use of four bottles of Petroleum. The cough attacked me a year ago last December, and I had lost all hopes of getting well, as I had taken the advice of several physicians without any benefit. I was benefited almost instantly by the use of the Petroleum. I coughed up, during the use of the Petroleum, a hard substance resembling bone. I make these statements without any solicitation from any one to do so, and solety for the purpose that others who are suffering may be benefitted. You are at liberty to publish this certificate.
