The Great California Plant.

The Great California Plant. IJF Canchalagua, the gient medicinal herb of Cali-fornia, is a new and invaluable addition to our Pharma-copzeia. A. Robinsoni, Esci, author of "Life in Califor-nia," Hon. J. C. Jones, long a resident there, and other eminent travelers testify to the wonderful success with which it is used by the natives as a cure for Palmonary and Billious complaints. By combining it with Liver-uers and Tar, the best remedies for Coughs, Colda and Catarrhal affections known, prior to the addition of this Plant to our Herbariam, a medicine has been produced, which, if we are to believe the testimony of scores of convalescent patients, will cure Consumption fusif, in its earlier stages. We refer to Dr. Rager's Syrup of Liv-ervort, Tar and Canchalagua. The public are not sked to take its virtues upon trust. The Pamphlet in the hands of Agents explains the Philosophy of its opera-tions, and gives the proofs of its success. [apr18]
