LOCAL MATTERS. QUARTER, Sessions .- Wednesday, April 23 .resent, Judges M'Clure and Boggs. The case of the Com. vs. Alex. Scott, for Forni tion and Bastardy, was resumed again this morning. Several medical gentlemen testified that they did not believe that a person could be put into mesmeric state-that it was a humbug; but that i a woman was put to sleep by any means, she was capable of conceiving. Other witnesses, on behalf of the Commonwealth, testified that meamerism had heen demonstrated upon their persons; that they had been so put to sleep. The case was argued to the jury by Col. Black fo the Commonwealth, and Magraw for defence, with The jury, after a short absence, returned a verdict of guilty. Mary Burke plead guilty to keeping a bawdy house, and in consideration of her having already heen in tail for some time, and promising to leave the city; she was sentenced to pay 61 cents fine and Com. vs. John McCluskey, Washington Bignell, and Francis Wilson, for the larceny of two hankets of Olive Oil, the property of Jacob Weaver, jr .of Olive Oil; he afterwards saw one of them at the he was asleep. Mayor's office, the other he has never seen since he tost it. Wm. Kirby, a small, boy, testified that he saw McCluskey carrying a basket along Plum alley; that he called after him to lay it down, and that he dropped it; McCluskey was alone; took the basket to the Mayor's office; it contained Olive Oil. The jury returned a verdict of guilty as to Mc-Cluskey, and not guilty as to Biguell and Wilson .-The two latter were discharged by proclamation, and the former sentenced to one year in the Penitentiary. Com. vs. Henry Johnston and John Duffey. charged with the highway robbery of Henry Kleber. from whom they took a gold watch and chain.-Johnston plead guilty, and Duffey not guilty. Henry Kleber testified that he had been stopped in the Fifth Ward last January by two persons, who presented a pistol and a bowie knife at him and demanded his money; they took his watch. He could not identify the persons; afterwards saw the watch at the Mayor's office and identified it. Jas. McCutcheon testified that he met Johnston and Duffey at a spree; they showed him the watch, and said they had stopped a man and taken it from The jury returned a verdict of guilty. The priso ners, for the present, were remanded. A HARD CASE .- Three boys were brought in Court yesterday, charged with larceny, against two of whom there was not the first scintilla of evidence-their names were not even mentioned by the witnesses. The counsel of one of them. Mr. Magraw, made a statement to the Court, showing the great outrage that is sometimes committed by the police, under the forms of law. It appears that the boy, Bignell, has a comfortable home with his mother; but, notwithstanding this, a charge of vagrancy was preferred against him by one of the police, and me was committed to jail for thirty days; but, before his prison doors were thrown open, an information for larceny was lodged against him from the same source-we suppose, and as it appears from the evidence, without the least foundation. We know not the cause of this proceeding-but, if to gratify any private pique such a gross outrage can be perpetrated, under the sanction of law, it is high time that the people should know it, that they may apply the yesterday holding forth to a crowd on Third street, upon the great utility of knife sharpeners which he GRAND PROCESSION OF THE SONS OF TEMPERANCE. ENGLAND. There is very little news from England. The lussell Ministry continued to be sustained in Parliament. The last vote on the assessed taxes gave them a majority of 13. The protectionists are keeping their eyes open, and hoping for an opportunity of getting a Ministry of their own, with Lord Stanley at its head. The Queen has directed the ArchaBishop of York

and the Suffragan Bishops generally, to interpose their authority for the suppression of certain Ros mish practices and tendencies in various Churches of the Establishment. Acting upon the Queen's wish and the conciliatory suggestion, the Arch-Bishop and Bishops, with the exception of the Bish: ops of Bath, Wells, Hockford and Manchester, have saued a circular of a very important character which looks like a determination, as the tone of the address is very decided, to put an effectual end to opish innovations in the Church of England. In the House of Lords on the evening of the 11th,

an enquiry was made respecting the American tariff, when it was stated that Sir L. Bulwer had apprised the Government of the passage of a bill that will bviate the fraudulent mode of fixing the ad valore uty on imported goods. A change of Ministry has been announced, which threatened with opposition from the Monarchists

INTERESTING CORRESPONDENCE.

Dr. Wm. Y. Banks, of Xenia, Onio, a highly respectable Druggist in that cellightful village, has informed us that the sale of Wistar's Balsam of Wild Cherry is unparalleled. The demand for it is ogreat that he can scarcely keep himself supplied with it. He has had in his store medicines for lung affections. Some of these were esteemed good and some gave temporary relief.—But since he has had Wistar's Balsam of Wild Cherry, a number of the most serious cases were completel, cured by its use. J. D. Park—Dear Sir: I take the liberty of advising you of the benefit that I have derived from the use o. Dr. Wistar's Balaam of Wild Cherry: I was produced by that terrible scourge, Consumption, in Maylaat. The attack was truly hornitying to me, for five of my family, (my brothers and si-tern,) had died of Consumption. I was afflicted with scarly all of the worst features of the disease: I had a disressing cough and expectorated a great deal of blood, hecute fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats and copious night sweats
I was under the care of a skilled physician from the large of the large

then about heipless, and my friends considering my case hopeless, or at least beyond the reach of our physician's skill, advised the use of Wisiar's Balsam of Wild Cherry.

I have taken four bottles of the medicine, and now consider myself perfectly well. I make this statement to induce others that are afflicted as I have been, to make triat of Wistar's Balsam of Wild Cherry, which remedy has, under the blessing of Providence, restored my leath.

TEREMIAH ISGRIGG.

J. D. Park—Bear Siv: As I have a deep commisseration for the afficted, permit me to give you a brief history of the sufficient of the surface of "Dr. Wistar's Balsam of Wild Cherry." In July 1844, I was attacked with a fever of a typhold character, which-left me in a very debilitated state, when in the following winter I was taken with a severe cold, which reduced me to such an extent as to give me the appearance of a confirmed consumptive. I labored under a severe cough, expectanted a great deal, and was troubled with cold feet and night sweats. I also frequently raised blood from my lungs. I continued in this state, gradually sinking under the disease, until January, 1847, and II I was again attacked with fever. My extremilies, especially my feet, were constantly cold, and almost lostitheir feeling. Under these circumstances it may be truly said that I was a living skeleton. I finally determined to quit taking medicine prescribed by physicians and try Dr. Wistar's Balsam of Wild Cherry, and from the first week that I commenced taking it can date a gradual recovery. I continued its near a monthe et the and try Dr. Wistar's Balsam of Wild Cherry, and from the first week that I commenced taking it? can date a gradual recovery. I continued its use six months, at the end of which time I was cared, and have enjoyed good health ever since, and cheerfally recommend the Balsam to all those afflicted with diseases of the lungs, and would say to those commencing its use not to be discouraged, if two or three bottles do not effect a cure; but persevere as I have done, and I have no doubt but nine cases out of ten will be blessed with renewed health as I have been.
