She had jumped the rope in the usual way two hundred and sixteen times Who would not rather enjoy the pleasures of health and the agreeable consciousness of well-being, to the griping pains of disease—the bitter continuance of ill-bealth, and the chilling thoughts of never recovering!

But, of all diseases, who is not most anxious to escape a disease of the Lungs! The very idea of falling a victim to Consumption, sends, a tremor to the heartstrings of life. But, oh! how joyous the thought that LIFE and HEALTH is still our own, when just before, Despair had spread her dark canvass over us.

Such, kind reader, are the pleasurable sensations experienced by hundreds, whe, by the use of Dr. Wistar's Balsam of Wild Cherry, have this dire disease slowly, but surely, driven from their system—and health, rosy health, again restored to their languishing bodies.

Beware of counterfeits and base imitations.

THE GREAT SPRING AND SUMMER MEDICINEIT PREVENTS DISEASE—PROOF:
A CHILD SAVEN! Curious Case.—The following evidence is only one of thousands of similar character, and conclusively proves that Dr. Howe's Sarsaparilla is one of the most effective remedies ever discovered:—

Dr. Howe:—Dear Sir.—My zon, when about six months old, broke out with that dradful dissays, Sergulous Sorre, over the face and body; and for two years and a half I tried every means: hat could be suggested by my friends. I also had the advice of six or seven of the best physicians in the country, without effecting a cure, and I almost wished the little bafferer dead, that it might be freed from its pains. During the last—six months, the sores were so distressing and painful, myself and wife were up with it night and day, for weeks together, and we had given up all hope of ever rising our little one. At length, a friend advised us to try your shaker Sarsaparilla. Religentify I tried it, and I have reason to bless God for it, for, in a very shart time, it had, used up the sors, so that there is scarcely even a scar to be seen. We only regret that we did not hear of and commence using it sooner, as we are satisfied it would have saved a great deal of suffering and expense. The child is now well and hearty. We do unnesitatingly occusiver, your shaker Sarsaparilla cane of the best preparations now in use.

This is the only Sarsaparilla that acts in the Litor, Etc.

Dr. Mussey, Professor in the Ohio Medical College, says the Saker preparations are rivily callable, and recommends them to the public. At Allentown the river had risen five feet, but it was Franklin, September 9, 1784.
