a very lettle and weathy legion of improvements or avenues. We see then the immense importance of inducing the location of this road at Warren, 9 miles above Wheeling, or 13 below Steubenville. This termination has an immense phia and Baltimore, and I think, so far as I can dis-The Japanese in California. We term from Capt. Jehnings, of the barque Auckland which arrived at this port yesterday, in seventy days from China, that about 500 miles off the coast of Japan, he fell in with a Japanese junk, which was completely water-logged. The crew, concluding of seventeen persons, were taken off by Captin Inviters and see now on hand his vessel. cover, the universal practice. My objection, then, to this site is, that it is not sufficiently central to the postage-paying people, who, I am satisfied, will i rumored that a considerable force had aireasy arrived, who were waiting a steamer to transport them to the rendezyons. The steamer expected is doubteless the same that has been captured by the Government at New York. This capture may prove a serious obstacle to the expedition, as it will cause conference with the Central Company, at Zaness never submit to it. commission.
Office of the Company, No. 75 Fourth street.
C.A. COLTON, Sec. y. Grave considerations, it would seem to me, should Grave considerations, it would seem to me, should have entered into this selection. A very important one is the fact, that the Post Office has always been in the neighborhood where it is now located, and business relations of no small magnitude have grown up around it, which are entitled to some respection. The people of the county have for years been in the habit of coming here for their letters; and if a change is designed, it should be for the general necommodation of the great mass of postage-paying people, which will not be the fact, should the site recommended by the Commissioners and the same of potting of severations of severation persons, were taken off by Captain Jennings, and are now on board his vessel. They had been fifty days on the wreck, and were in great distress, having exhausted their provisions.—No communication, of course had been had with them boyond what could be accomplished by signs, but they appear exceedingly grateful for the assistance and kind treatment received from the Captain Jennings, contains what are probably the junk's register. On approaching shore they exhibited striking evidencences of joy and devotion. A box belonging to them, which they have prefented to Captain Jennings, contains what are now on board his vessel. They had been fifty days on the wreck, and were in great distress, having exhausted their provisions.—No communication, of course had been had with them boyond what could be accomplished by signs, the many of the distress, having exhausted their provisions.—No communication, of course had been fifty days on the wireck, and were in great distress, having exhausted their provisions.—No communication, of course had been fifty days on the wireck, and were in great distress, having exhausted their provisions.—No communication, of course had been fifty distress, having exhausted their provisions.—No communication, of course had been fifty distress, having exhausted their provisions.—No communication, of course had been fifty distress, having exhausted their provision The w. P. GILES,

VETERINARY SURGEON, having been invited to return by his friends, respectfully offers his professional services to the ciuzens of Pittsburgh and its vicinity; and takes the present opportunity to express his acknowledgments to them for the flattering encouragement they did extend to him in the prosecution of his profession during five years, and again invites their patronage. Having practised for the last ten years in the United States, he presumes he is capable of treating the various diseases to which Horses are liable, in an able and scientific manner. considerable delay."

The Macon Messenger. Wednesday last, says:

"One wing of the Cub expedition, about four hundred strong, was expected to sai from Doboy or Sapelo on yesterday afternoon. It is rumored that they expect to be joined by a force of three hundred men near the mouth of the St. Johns. This is all men near the mouth of the St. Johns. This is all mere rumor. We have it on undonbted authority, however, that about two hundred and fifty men-left the twenty mile station on Friday last, for parts unto the work."

A despetch from Savannah to the Charleston Courier, dated on the 1st inst. says:

Contentate with the tental rumpany, at which did not take with the Post Unice has always been in the neighborhood where it is now located, and in the neighborhood where it is now located, and business relations of no small magnitude have grown up around it, which are entitled to some respect. The people of the county have for years been in the habit of coming here for their letters; and if a change is designed, it should be for the general accommodation of the great mass of postage-paying people, which will not be the fact, that the Post Unice has always been in the neighborhood where it is now located, and business relations of no small magnitude have grown up around it, which are entitled to some respect. The people of the county have for years been in the heighborhood where it is now located, and business relations of no small magnitude have grown up around it, which are entitled to some respect. The people of the county have for years been in the heighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now located, and in the neighborhood where it is now loc ville; and further, there is to be a grand meeting of the Central and Hempfield Companies this month, tablishment, un are the special superioristics.
