BLOOMING GZOVE, Dec. 1st, 1849.

Missess S. F. Berney & C. O.—Gents: —Sometime in 1843, I was attacked with the King's Evil in my arm, which became so sore that I could hot use it, and in 1845, mortification set in. I employed at different times, each physician of celibrity within my reach; all told me that my arm must be amputated. From the shoulders to the fore arm, my arm was full of tranning sores, each physician of celibrity within my reach; all told an Indian Doctor, who removed the mortified flosh, and stopped the mortification, but could not heal my arm—bly strength, at this time, was completely examuted and my person much emaciated. I continued in this state until the summer of 1848, when I saw an advertisement of "Guysou's Yellow Dock and Sarsaparilla," which I read attentively, and sent for one bottle of the article. After using it a few days, the discharges from my arm increased, and assumed a light color; and less offensive oder. I sent for a second bottle, and while using it I found my attength increasing it until that charges decreasing. I continued using it until that used six bottles, though I felt myself perfectly cured before I used the sixth bottle. Since that time I have not a doubt that it is thoroughly cared, for it can labor with it as well as ever I could.

"Grysout's Yellow Dock and Sarsaparilla," alone cured me; it ook no other remedy while using it, and had I used it at the first appearance of the malady, I fully believe it would have saved me from years of suffering under any similar disease, to
