Toll keepers made the reports as to the number of females crossing the bridge; on this report the reduction of tolls was based; think the report was in writing, but don't know positively; report was handed to the Board; think the report was the number of females passing, and how much toll was collected from them; remission of tolls on females commenced with Managers of the St. Clair St. Bridge. Saco, Mc., April 25, 1849.

Dr. J. C. Ayer, Lowell—Dear Str. I am intw constantly using your Cherry Pectoral in my practice, and prefer it to any other medicine for pulmonary complaints. From observations of many severe cases, I am convinced it will cure coughs, colds, and diseases of the lungs, that have put to defance all other remedies.

Tinvariably recommend its use in case of consumption and consider it much the best remedy known for that disease.

Respectfully yours.
