Governor Johnston's Economy. Goy-Jounston and his friends are constantly riving to impress the people with the belief that his administration has been a peculiarly onomical one. Let us see what claims he has to the character of an economical public servant The expenses of the State Government under Gov. SHUNK were in 1846, \$216,632 22, and in 1847 \$200,118 37 ;- making for the two years the sum of \$416,745 59;-while the State expenditures under Gov. JOHNSTON were, in 1849,

\$237,105 38, and in 1850, \$262,899 71; or, in the two years, \$500,005,09,-a sum greater than was expended in two years of Governor SHUNK's administration, by eighty-three thousan two hundred and fifty-nine dollars and fifty-nine cents; or nearly one hundred thousand dollars more than was expended in two years of Gov. SHUNR'S administration. This shows the charac ter of their economy; and also the character of their statements.

Mexican Debt. The debt due England by Mexico in 1849, was \$51,000,000. The Spanish claim is about \$24,-000,000. The French claim is the smallest, bu added to that of England and Spain, is nearly sufficient to form a gross amount of \$100,000,000, These governments have demanded the settle ment of their various claims. The English Minister is said to press the demand at the present moment in a tone which he would scarcely adop curred at Tampico, which lasted several hours, without specific instruction from his Governmen It is certain that Mexico cannot pay. These are the exact words of the resolution, of the Mexican government. as it was originally offered in the Convention; but ns some of the members made objection to it in this form, it was finally altered by striking

out all after the word "Constitution " and in this shape it was passed. The proceedings of the Convention were somewhat hastily prepared -as is always the case,-and the words in the resolution over which lines had been drawn, were printed as if a part of the proceedings, owing as, well to the indistinctness of the lines drawn over them, as the hurried manner in which the whole proceedings had to be got up. Which the whole proceedings had to be got up. We hope this explanation will be satisfactory to a letter from the Representative upon the matour friends who objected to the original resolu- ter, that this extra session of the Duputies has

THE STATE DEBT.

Some of the Whigs (and we believe Governor Jourston is among the number,) are about ready to swear that no part of the public debt was created during the administration of Governor RITNER. .But the State Documents prove a totally different state of facts. In the first annual essage of Gov. RITNER he says that the deb of the State at that moment amounted to \$24,-355,803 32. On the induction of Governor

people of the State that "the State Debt amounts to the vast sum of thirty-faur millions' one hundred and forty-one thousand six hundred and sixty-three dollars and eighty cents." Now this shows a pretty considerable increase

of the Public Debt, as we take it ;---amounting, in these three years, to no less than nine million even hundred and eighty-six thousand three hundred and sixty dollars and forty-cight cents ! How

was this debt created ;- for what purposes ;who helped to fasten it upon the State? WM. F. JOHNSTON bore a large part in making this increase of the public debt.

Westmoreland County.

There was a large meeting of the Democra that Island, to aid it against the people, and have actually been engaged in the transportation of this County, in Greensburg, on the 19th instant, at which JOHN HILL, Esq. of Fairfield township, presided, assisted by John Lloyd, Jonathan A. Hays. Alexander Hanna. John AND THE SPANER TROOPS. Greer, and Michael McGinley as Vice Presidents

and Dr. T. J. Cantwell and William Bell as ecretaries. A number of patriotic and spirited resolutions

were adopted; one of which gave rise to considadopted : erable discussion. This was a resolution in structing the Delegates to the State Convention to advocate and support the nomination of the Hon. JAMES BUCHANAN as the Democratic candidate for President of the United States in 1852. The resolution was finally adopted by a ailed, that the Government troops had several unanimous vote. Thus showing that the Demo cracy of Westmoreland are right in their feelings-bowing to the expressed will of the majority.
